SUBJECT: Letter of Clarification No.5
Onsite Water Treatment Sludge Dewatering and Removal Services for
the Public Works and Engineering Department

REFERENCE: Invitation to Bid No.: S50-L23331

TO: All Prospective Respondents

This Letter of Clarification is issued for the following reasons:

- **To revise the above referenced solicitation as follows:**

The unit pricing shall be bid by the DRY TON. The 18% percent solid requirements would apply to SEWPP only since we don't want the contractor to bring a lot of water to our landfill.

Note: No further questions will be accepted after the publication of this Letter of Clarification.

When issued, Letter(s) of Clarification shall automatically become a part of the solicitation documents and shall supersede any previous specification(s) and/or provision(s) in conflict with the Letter(s) of Clarification. It is the responsibility of the respondent to ensure that it has obtained all such letter(s). By submitting a bid on this project, respondents shall be deemed to have received all Letter(s) of Clarification and to have incorporated them into this bid.

If you have any questions or if further clarification is needed regarding this solicitation, please contact me.

Sincerely,

Arturo Lopez
