ARTICLE 1. THE PROJECT

1.1 Project Description. As of the Effective Date, City intends to construct the Project as set forth in **Exhibit “B”** – Scope of Services, a portion of the entire ITRP. The date of Substantial Completion for the Construction Phase will be established when and if the Director accepts DESIGN BUILD CONTRACTOR’s Guaranteed Maximum Price proposal.

ARTICLE 2. CONTRACT DOCUMENTS AND INTERPRETATION

2.1 Contract Documents. The “**Contract Documents**” comprise:

- 2.1.1 this Agreement and all Exhibits;
- 2.1.2 any GMP Amendment;
- 2.1.3 any Change Order or other Modification or Amendment;
- 2.1.4 any Notice to Proceed; and
- 2.1.5 any Construction Drawings and Specifications.

2.2 Interpretation. The Contract Documents are intended to be complimentary, and what is set forth in any one document is as binding as if set forth in each document. The Parties recognize that Amendments and Modifications may provide for specific modification to the terms and conditions of other Contract Documents, in which case, the modified terms and conditions shall govern, as expressly set forth in the Amendment or Modification. However, all terms and conditions of such other Contract Documents that are not expressly modified or deleted by an Amendment or Modification shall remain in effect. **Section 2.3** shall govern matters of interpretation related to the applicability, stringency, and consistency of the Contract Documents, which are included among the Contract Standards. Unless stated otherwise in this Agreement, if a conflict between the sections of this Agreement and the exhibits arises, the sections control over the exhibits.

2.3 Applicability of Contract Standards. The DESIGN BUILD CONTRACTOR shall be obligated to comply only with those Contract Standards which are applicable in any particular case. Where more than one Contract Standard applies to any particular performance obligation of the DESIGN BUILD CONTRACTOR hereunder, each such applicable Contract Standard shall be complied with. In the event there are different levels of stringency among such applicable Contract Standards, the most stringent of the applicable Contract Standards shall govern. In the event of any inconsistency among the Contract Standards, the DESIGN BUILD CONTRACTOR shall notify the Director. The Director's determination as to the applicable standard shall be binding.

2.4 Defined Terms. Capitalized terms used in the Contract Documents have the meanings set forth in **Exhibit "A"**. Further interpretation provisions are set forth in **Exhibit "A"**.

ARTICLE 3. GENERAL PERFORMANCE REQUIREMENTS

3.1 Reliance. The DESIGN BUILD CONTRACTOR acknowledges and agrees that the City is entering into this Agreement in reliance on the DESIGN BUILD CONTRACTOR's expertise with respect to the performance of the Work. The Project will serve an essential public service and will be critically important to enable the City to continue to meet its needs and obligations. The DESIGN BUILD CONTRACTOR shall perform the Work in accordance with the Contract Standards to further the interests of the City and the Project.

3.2 Scope of the Work. The Scope of Services is divided into Preconstruction and Construction Phase Services as more thoroughly described in **Exhibit "B"**, Scope of Services. The DESIGN BUILD CONTRACTOR recognizes that, notwithstanding this division, the components of the Work may overlap and agrees to perform all Work in accordance with the applicable Contract Standards. In no event will the DESIGN BUILD CONTRACTOR commence performance of any construction prior to the issuance of a Notice to Proceed following the GMP Amendment Date.

3.3 Information Provided by or on Behalf of the City. The City makes no representation or warranty with respect to any information provided to the DESIGN BUILD CONTRACTOR by or on behalf of the City in connection with this Agreement. The DESIGN BUILD CONTRACTOR shall assess all risks related to the Project and independently verify and confirm all information supplied to it by or on behalf of the City and upon which the DESIGN BUILD CONTRACTOR elects to rely in connection herewith. Except as may reasonably be

requested by the DESIGN BUILD CONTRACTOR, (unless otherwise agreed by the Director in its sole discretion and expressly established in the GMP), DESIGN BUILD CONTRACTOR shall have no right to relief hereunder, or to make any claim against the City, or to seek any adjustment to the Contract Price or the Contract Times as the result of any error, omission, or insufficiency relating to any information provided to the DESIGN BUILD CONTRACTOR by or on behalf of the City in connection with this Agreement.

3.4 Related Projects. The DESIGN BUILD CONTRACTOR acknowledges that the City may undertake other capital projects at or near the Project (“Related Projects”) and agrees to accept the obligations of the DESIGN BUILD CONTRACTOR concerning the Related Projects, as set forth in the General Conditions. Nothing in the Contract Documents shall be interpreted as granting the DESIGN BUILD CONTRACTOR exclusive occupancy of the Project Site. The DESIGN BUILD CONTRACTOR must ascertain to its own satisfaction the scope of the Project and the nature of any other contracts that have been or may be awarded for any Related Project.

3.5 Responsibility for Personnel and DESIGN BUILD CONTRACTOR-Related Entities. All obligations of the DESIGN BUILD CONTRACTOR hereunder shall be performed by DESIGN BUILD CONTRACTOR-Related Entities (subject to the limitations established herein) who are qualified to perform the specific services and meet all licensing and certification requirements of Applicable Law. The DESIGN BUILD CONTRACTOR shall be fully responsible, in accordance with the terms and conditions of the Contract Documents, for all Work performed by all DESIGN BUILD CONTRACTOR-Related Entities. The DESIGN BUILD CONTRACTOR shall, as between itself and the City, be responsible and liable to the City for, and not relieved of, its obligations under the Contract Documents by, the acts, omissions, breaches, defaults, non-compliance, negligence, wilful misconduct, or other legal fault of each DESIGN BUILD CONTRACTOR-Related Entity and all references in this Agreement to any act, omission, breach, default, non-compliance, negligence, wilful misconduct, or other legal fault of the DESIGN BUILD CONTRACTOR will be construed accordingly to include any such act, omission, breach, default, non-compliance, negligence, wilful misconduct or other legal fault committed by any other DESIGN BUILD CONTRACTOR-Related Entity.

3.6 Key Personnel. The DESIGN BUILD CONTRACTOR acknowledges that the identity and commitment of certain key management and supervisory personnel proposed by the DESIGN BUILD CONTRACTOR in its Proposal were material factors in the selection of the DESIGN BUILD CONTRACTOR to perform this Agreement. Such personnel, their affiliations, and their anticipated roles in the performance of the Work are set forth in **Exhibit “D”**. The DESIGN BUILD CONTRACTOR shall utilize such personnel to perform such services unless such personnel are unavailable for good cause shown. “Good cause shown” shall not include performing services on other projects for the DESIGN BUILD CONTRACTOR or any of its Affiliates, but shall include termination for cause, employee death, disability, retirement, or resignation. In the event of any such permissible unavailability, the DESIGN BUILD CONTRACTOR shall utilize replacement key management and supervisory personnel of equivalent skill, experience, and reputation. Any on-site personnel change shall be proposed to the Director with reasonable advance notice (no less than 30 days) for the Director’s review and approval, which shall not be unreasonably withheld or delayed. The Director may exclude from the Project any personnel performing

Work if the Director, acting reasonably, determines that an unworkable relationship has developed between the City and the individual.

3.7 Designated Representative. The individual identified in **Exhibit “D”** as the “Designated Representative” shall, until further designation under this Section, act as the designated representative of the DESIGN BUILD CONTRACTOR with respect to this Agreement and shall coordinate with the Director as to administrative matters under this Agreement. The DESIGN BUILD CONTRACTOR may replace the individual designated as its representative under this Agreement from time to time by written notice to the Director, subject to the reasonable approval of the Director. The DESIGN BUILD CONTRACTOR shall replace the individual designated as its representative under this Agreement at any time upon written notice by the Director in the Director’s reasonable discretion. Any individual designated as the representative of the DESIGN BUILD CONTRACTOR under this Agreement shall have sufficient qualifications and experience to serve as the DESIGN BUILD CONTRACTOR’s representative hereunder and shall be vested with the authority to act on behalf of the DESIGN BUILD CONTRACTOR, to receive notices on behalf of the DESIGN BUILD CONTRACTOR, to make binding decisions with respect to the performance of the Work, and to bind the DESIGN BUILD CONTRACTOR with respect to any certification to be made by the DESIGN BUILD CONTRACTOR hereunder. The Designated Representative shall be the Director’s primary contact for the performance of the Work and shall be available, as required, for the benefit of the City and the Project.

ARTICLE 4. PRECONSTRUCTION SERVICES

4.1 Generally. The DESIGN BUILD CONTRACTOR shall render and perform the Preconstruction Services for the City in accordance with **Exhibit “B”** and all other applicable Contract Standards. The DESIGN BUILD CONTRACTOR’s responsibility for the Preconstruction Services includes the responsibility to employ or subcontract with (subject to the limitations established herein) all necessary professionals (including architects, if applicable), technicians and engineers, properly qualified, licensed and skilled in the various aspects of the Preconstruction Services, and to perform all services reasonably inferable from the description of the Preconstruction Services.

4.2 Notices to Proceed. The DESIGN BUILD CONTRACTOR shall commence performing Preconstruction Services upon the date specified in a Notice to Proceed with Preconstruction Services issued by the Director. The DESIGN BUILD CONTRACTOR is not entitled to reimbursement for any costs incurred for Preconstruction Phase Services performance before issuance of the Notice to Proceed. The DESIGN BUILD CONTRACTOR acknowledges that the Preconstruction Services are segregated into discrete tasks associated with the advancement of the Preconstruction Services, as identified in **Exhibit “B”**, and that a Notice to Proceed with Preconstruction Services may be limited to certain specifically identified tasks. The City will therefore have the right to issue multiple Notices to Proceed with respect to Preconstruction Services, identifying the Preconstruction Services tasks to be performed by the DESIGN BUILD CONTRACTOR.

4.3 GMP Submittal. The DESIGN BUILD CONTRACTOR shall prepare and submit the GMP Proposal as set forth in **Exhibit “E”** in accordance with **Exhibit “B”** and all other applicable Contract Standards.

4.4 GMP Amendment. If the City determines to accept the GMP Proposal, following negotiations at the election of the City in its sole discretion and subject to approval by the City Council, the Parties will enter into the GMP Amendment and the GMP Amendment Date will be established hereunder.

4.5 Failure to Reach a GMP. In the event the City rejects the GMP Amendment, the City, in its sole discretion, may either direct the DESIGN BUILD CONTRACTOR at no additional cost to the City, to adjust the design and/or scope to attempt to bring the Guaranteed Maximum Price to an amount acceptable to the City or the City may elect to end its attempt to reach an agreement with the DESIGN BUILD CONTRACTOR. In the event the City elects to end its attempts to reach an agreement with the DESIGN BUILD CONTRACTOR, the DESIGN BUILD CONTRACTOR does hereby assign all rights to any agreement with Designer to the City effective upon written notice of acceptance by the City to the DESIGN BUILD CONTRACTOR and Designer. The City shall not be responsible for any past due amounts that the DESIGN BUILD CONTRACTOR owes to the Designer. The City shall be entitled to use any intellectual property developed by or on behalf of DESIGN BUILD CONTRACTOR for this Project for the completion, maintenance, and further development of the ITRP, or for any other purpose, without additional compensation to DESIGN BUILD CONTRACTOR.

ARTICLE 5. CONSTRUCTION SERVICES

5.1 Generally. The DESIGN BUILD CONTRACTOR shall render and perform Construction Phase Services for the City in accordance with **Exhibit “B”**, **Exhibit “C”**, and all other applicable Contract Standards. The DESIGN BUILD CONTRACTOR’s responsibility for the Construction Phase Services includes the responsibility to employ or subcontract with (subject to the limitations established herein) all necessary professionals (including architects, if applicable) technicians and engineers, properly qualified, licensed and skilled in the various aspects of the Construction Phase Services, and to perform all services reasonably inferable from the description of the Construction Phase Services.

5.2 Notices to Proceed. The DESIGN BUILD CONTRACTOR shall commence performing Construction Phase Services upon the date specified in a Notice to Proceed with Construction Phase Services issued by the Director. The DESIGN BUILD CONTRACTOR acknowledges that the Construction Phase Services are segregated into discrete tasks associated with the advancement of the Preconstruction Services, as identified in **Exhibit “B”**, and that a Notice to Proceed with Construction Phase Services may be limited to certain specifically identified tasks. The City will therefore have the right to issue multiple Notices to Proceed with Construction Phase Services, identifying the Construction Phase Services tasks to be performed by the DESIGN BUILD CONTRACTOR.

5.3 The DESIGN BUILD CONTRACTOR warrants, represents, covenants, and agrees that all of the services to be performed by it under or pursuant to this Agreement shall be of at least the standard and quality which prevail among similar businesses and organizations with knowledge and skill engaged in providing similar services in major United States urban areas under the same or similar circumstances and involving a project such as the Project, including the performance of work in a high volume and international airport with ongoing operations.

5.4 The DESIGN BUILD CONTRACTOR's duties as set forth herein shall at no time be in any way diminished by reason of any approval by the City or the Director nor shall the DESIGN BUILD CONTRACTOR be released from any liability by reason of such approval by the Director, it being understood that the City at all times is ultimately relying upon the DESIGN BUILD CONTRACTOR's skill and knowledge in performing the services required hereunder.

5.5 The DESIGN BUILD CONTRACTOR warrants, represents, covenants, and agrees that the DESIGN BUILD CONTRACTOR and all persons connected with the DESIGN BUILD CONTRACTOR directly in charge of its services are duly registered and/or licensed under the laws, rules and regulations of any authority having jurisdiction, if so required by such laws, rules and regulations.

5.6 The DESIGN BUILD CONTRACTOR warrants, represents, covenants, and agrees to notify Project Manager in writing within five days of anything within its knowledge which it discovers of any nature in any drawings, specifications, plans, sketches, instructions, information, requirements, procedures, and other data supplied to the DESIGN BUILD CONTRACTOR (by the City or any other party) which the DESIGN BUILD CONTRACTOR considers in its opinion to be unsuitable, improper, inaccurate, or defective in any way in connection with the purposes for which such document or data is furnished. Nothing shall excuse or detract from the DESIGN BUILD CONTRACTOR's responsibilities or obligations hereunder in any case where such document or data is furnished unless the DESIGN BUILD CONTRACTOR advises City in writing that in DESIGN BUILD CONTRACTOR's opinion such document or data and any requests made therein for action are unsuitable, improper, inaccurate or defective, and City confirms in writing that it wishes the DESIGN BUILD CONTRACTOR to proceed in accordance with the documents or data as originally given. DESIGN BUILD CONTRACTOR shall suspend that portion of the Work affected by the reported discrepancy until clarification is received. If DESIGN BUILD CONTRACTOR does not suspend work, any increase in cost as a result, including the necessity to perform any re-work, shall be borne by DESIGN BUILD CONTRACTOR and not be reimbursable under this Agreement. Notwithstanding the foregoing DESIGN BUILD CONTRACTOR shall be responsible for all errors and omissions and lack of coordination in its own documents and the documents created by those working for DESIGN BUILD CONTRACTOR.

5.7 The DESIGN BUILD CONTRACTOR warrants, represents, covenants, and agrees to furnish efficient business administration and superintendence and perform its services hereunder properly and in an expeditious and economical manner consistent with the requirements of the Contract Documents.

5.8 In accordance with and not as an expansion of the time limitations set forth in the Conditions of the Contract, the DESIGN BUILD CONTRACTOR warrants, represents, covenants, and agrees that it shall, at its own cost, make good any errors or omissions in the Preconstruction Services and Construction Phases it performs as soon as the DESIGN BUILD CONTRACTOR becomes aware of such errors or omissions or is notified of such errors or omissions. Should the DESIGN BUILD CONTRACTOR refuse or neglect to make good such errors or omissions within a reasonable time after receiving written notice requesting such remedial work, then the City shall be entitled to make good such errors or omissions at the expense of the DESIGN BUILD CONTRACTOR. This commitment by DESIGN BUILD CONTRACTOR is in addition to, and not in substitution for, any other remedy for errors or

omissions in the Preconstruction Phase Services and Construction Phases which the City may have at law or in equity.

5.9 DESIGN BUILD CONTRACTOR shall attend training on HAS Project Management System and utilize that system for the numbering and tracking for all Work records, including, Modifications, requests for information, submittals and supplementary instructions, and shall provide updated records, including meeting minutes, at each meeting with City as requested. The numbering system shall be consistent with the HAS SharePoint Project Controls System.

5.10 Subcontracts or other agreements shall conform to the applicable payment provisions of the Contract Documents, and shall not be awarded on the basis of cost plus a fee without the prior written consent of Director.

5.11 DESIGN BUILD CONTRACTOR shall require its Subcontractors who have not competitively bid to disclose to City their markups (both overhead and profit), estimates, and costs calculated in their bids or incurred or expected in sub-subcontracts and the Work performed, including any Change Order Work.

5.12 DESIGN BUILD CONTRACTOR shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to DESIGN BUILD CONTRACTOR by the terms of the Contract Documents, and to assume toward DESIGN BUILD CONTRACTOR all the obligations and responsibilities that DESIGN BUILD CONTRACTOR, by these Documents, assumes toward City. Each subcontract agreement shall preserve and protect the rights of City under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights. Where appropriate, DESIGN BUILD CONTRACTOR shall require each Subcontractor to enter into similar agreements with sub-subcontractors. DESIGN BUILD CONTRACTOR shall make available to the Director and to each proposed subcontractor prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors shall similarly make copies of applicable portions of such documents available to their respective proposed sub-subcontractors. DESIGN BUILD CONTRACTOR shall provide City with a copy of each subcontract agreement upon request.

5.13 Each subcontract agreement is assignable by DESIGN BUILD CONTRACTOR to City on acceptance by the Director of the assignment. DESIGN BUILD CONTRACTOR agrees to execute such additional documents as City may request to confirm such assignments. DESIGN BUILD CONTRACTOR shall include a provision in each subcontract agreement recognizing the rights of City pursuant to the foregoing contingent assignment. Despite such acceptance by City of any such assignment, City shall not be liable for anything under such subcontract prior to the acceptance by City of the assignment or for any liability of DESIGN BUILD CONTRACTOR to the Subcontractor. Acceptance of any such assignment shall not relieve DESIGN BUILD CONTRACTOR or the Subcontractor of their responsibilities and liabilities for any Work performed prior to City's acceptance of such assignment.

5.14 Nothing contained in the Contract Documents shall create any obligations or liabilities owed by City to any Subcontractor or Supplier. Except as may be required by law, City shall have no liability or responsibility for the performance or misperformance of any Subcontractor, Supplier, or consultant, even if City designated, required, identified or approved such Subcontractor, Supplier, consultant, or sub-consultant of any tier.

5.15 DESIGN BUILD CONTRACTOR is an independent contractor and not an agent of City. DESIGN BUILD CONTRACTOR shall be liable to City for acts and omissions that result in a breach of the obligations herein of DESIGN BUILD CONTRACTOR and DESIGN BUILD CONTRACTOR's Subcontractors and Suppliers of any tier, and their agents, employees and parties in privity of contract with any of them and anyone acting on behalf of any of them, and any other persons performing any of the Work directly or indirectly under contract with DESIGN BUILD CONTRACTOR, including any design professionals and their consultants and sub-consultants of any tier.

5.16 DESIGN BUILD CONTRACTOR and any of its design professionals, consultants, the Subcontractors and Suppliers and their agents and employees warrant that the information provided to City about the qualifications, including financial information and past performance, is accurate, has not materially changed, and does not omit information that would materially affect those qualifications and that DESIGN BUILD CONTRACTOR is financially sound, fully solvent, and experienced in and fully qualified to perform the type of Work to be performed under this Agreement.

5.17 DESIGN BUILD CONTRACTOR represents that it has: (a) visited the Project site, (b) taken such other steps as may be necessary to ascertain the nature and location of the Work and the general and local conditions that affect the Work or the cost thereof, and (c) investigated the labor situation, including the availability of all necessary labor and material.

5.18 DESIGN BUILD CONTRACTOR shall coordinate its forces and cooperate with other Contractors and projects on or around the Project site, as well as the Project Team or other HAS staff, and to minimize disruptions to normal airport operations.

5.19 Without diminishing the other obligations of DESIGN BUILD CONTRACTOR, DESIGN BUILD CONTRACTOR represents and agrees that it will perform its services under no circumstances with less than the usual and customary standards of DESIGN BUILD CONTRACTOR's profession or business and in compliance with all Applicable Laws and in strict accordance with the Contract Documents. DESIGN BUILD CONTRACTOR agrees to correct in a timely manner and as may be directed by the Director and to bear the full cost of correcting DESIGN BUILD CONTRACTOR's Work and services that are not in strict conformance with the Contract Documents or Applicable Laws or that are otherwise defective or negligently performed, those of its Subcontractors, Suppliers, and consultants, and any related damages or other harm. The term defective work or similar terms when used in the Contract Documents include Work that is not in strict conformance with the Contract Documents. DESIGN BUILD CONTRACTOR agrees to perform Work required by the Contract Documents in a good and workman-like manner.

5.20 DESIGN BUILD CONTRACTOR represents and agrees to perform its services under the Contract Documents in an expeditious and economical manner consistent with

good business practices and the interests of City in accordance with the Project Schedule reflected in **Exhibit “H”**.

5.21 DESIGN BUILD CONTRACTOR represents and agrees that there are no obligations, commitments, or impediments of any kind that will limit or prevent performance of its obligations under this Agreement.

5.22 Except for the obligations of City set forth in this Agreement, City has no liability to DESIGN BUILD CONTRACTOR or to anyone claiming through or under DESIGN BUILD CONTRACTOR by reason of the execution or performance of this Agreement.

5.23 DESIGN BUILD CONTRACTOR shall give all required notices and comply with all Applicable Laws. The Work, including documents that are the responsibility of DESIGN BUILD CONTRACTOR, shall be in accordance with all Applicable Laws. If DESIGN BUILD CONTRACTOR otherwise performs any Work that is contrary to Applicable Laws, DESIGN BUILD CONTRACTOR shall correct such Work at its expense and shall be liable for all costs, delays, and damages attributable thereto, including any damage to other Work or other property arising from or relating to the corrective Work.

5.24 DESIGN BUILD CONTRACTOR shall establish, implement, and follow a quality control program for the Work during all Construction Phases. DESIGN BUILD CONTRACTOR shall provide Project Manager with a copy of the written quality control program.

5.25 DESIGN BUILD CONTRACTOR shall provide Value Engineering suggestions to Project Manager. Whenever the term “Value Engineering” is used in conjunction with this Agreement or the Project, it has its commonly accepted meaning within the construction industry and does not imply the practice of professional engineering without a license. If any Value Engineering activities constitute the professional practice of engineering, then such activities shall be performed by an engineer licensed in Texas.

5.26 DESIGN BUILD CONTRACTOR shall give constant attention to the Work to facilitate the progress thereof, and shall cooperate with the Director, inspectors, and with other Contractors in every way possible. The Director may determine the areas in which the DESIGN BUILD CONTRACTOR and Contractors shall work in the event of a disagreement, and the DESIGN BUILD CONTRACTOR shall cooperate in such processes and decisions. The DESIGN BUILD CONTRACTOR shall have a competent Superintendent on the Work at all times who is fully authorized as his/her agent on the Work. The superintendent shall be capable of reading and fully understanding the plans and specifications and schedules, shall receive and fulfill instructions from the Director, and shall be present at the Work site at all times while Work is in progress.

5.27 The City will be performing additional work with other Contractors as well as continuing with its normal airport operations on or near the Work covered by this Agreement. When separate contracts are let within the limits of any one project, DESIGN BUILD CONTRACTOR shall conduct its Work so as not to interfere with or hinder the progress or completion of the work being performed by other Contractors. DESIGN BUILD CONTRACTOR shall cooperate with other Contractors, City consultants, design

professionals, City employees, and others as directed by the Director. In the event an interference cannot be reasonably avoided, DESIGN BUILD CONTRACTOR shall notify the City before the Work is impacted to resolve the interference.

5.28 DESIGN BUILD CONTRACTOR shall arrange its work and shall place and dispose of the materials being used so as to not interfere with the operations of other Contractors within the limits of the same project. DESIGN BUILD CONTRACTOR shall join its work with that of the others in an acceptable manner and shall perform it in proper sequence to that of the others.

5.29 Subject to the obligations to cooperate with the City and Contractors with respect to contemporaneous operations and proximity at the Project site including, without limitation, relocating work areas, the DESIGN BUILD CONTRACTOR remains solely responsible for its means, methods, techniques, sequences and procedures and safety programs in connection with its Work.

5.30 DESIGN BUILD CONTRACTOR acknowledges that the Project site is, and at all times during the Work will be, within or around critically important areas of the operational airfield at IAH. DESIGN BUILD CONTRACTOR agrees that at all times when any forces are mobilized to strictly adhere to rules and instructions regarding permitted activities and physical locations on the airfield given by any authorized HAS personnel. Such instructions will include, without limitation, demobilizing from Work areas on minutes' notice to allow aircraft movement; coordination of phased work areas to keep aircraft paths open and operational; vigilant cleaning and removal of all foreign object debris caused by its Work from any areas on which aircraft may travel. DESIGN BUILD CONTRACTOR agrees and warrants that all delays and disruptions within the reasonable contemplation of those knowledgeable of airfield operations (including absolute deference to aircraft operations) caused by such adherence to rules and instructions or coordination for activities as specified herein have been taken into account in preparing the Guaranteed Maximum Price and that DESIGN BUILD CONTRACTOR will not seek any increase in the Guaranteed Maximum Price or the Contract Time on account of such adherence and coordination, as required for Project performance. DESIGN BUILD CONTRACTOR agrees that the City's needs arising from its ongoing airport operations as described herein has been expressly contemplated by DESIGN BUILD CONTRACTOR and shall not constitute active interference by the City.

5.31 All Subcontracts shall be awarded in accordance with the applicable provisions of *Texas Government Code* Chapter 2269, Subchapter H through a process overseen by the Project Team. DESIGN BUILD CONTRACTOR shall notify Director in advance in writing of the identities of all Subcontractors with which it intends to subcontract. DESIGN BUILD CONTRACTOR shall not subcontract with any Subcontractor to which Director has a reasonable objection in accordance with *Texas Government Code* Chapter 2269, Subchapter H. A notice of intent to employ a particular Subcontractor shall be given by the DESIGN BUILD CONTRACTOR to the City as to permit Director adequate time for review of the prospective Subcontractor without delay to the Project and to allow time for DESIGN BUILD CONTRACTOR to make substitute selections, but in no event shall such notice be given less than ten (10) days before the intended subcontract date. If Director has a reasonable objection to a proposed Subcontractor, DESIGN BUILD CONTRACTOR shall propose another against whom Director has no reasonable objection. DESIGN BUILD

CONTRACTOR shall not be required to subcontract with any Subcontractor to which it has reasonable objection. When DESIGN BUILD CONTRACTOR's Subcontractors for constructing the Work have been identified, they shall not be changed without Director's prior written approval, which shall not be unreasonably withheld. DESIGN BUILD CONTRACTOR shall not incur any Subcontract costs prior to issuance by City of a Notice to Proceed for such Work. If the bidding process does not result in the selection of a subcontractor who is acceptable to the Director, the Director may ask the DESIGN BUILD CONTRACTOR to submit a proposal for the specific portion of work for approval.

5.32 The DESIGN BUILD CONTRACTOR shall (1) submit pricing for any proposed self-performed Work in the same manner as all other Subcontractors (2) perform self-performed Work in accordance with the same terms and conditions as its other Subcontractors, and (3) account for self-performed Work in the same manner as if the Work had been performed by other Subcontractors. In order to afford the City with maximum flexibility and the opportunity to achieve the best value, the DESIGN BUILD CONTRACTOR shall not self-perform any work to which the Director has a reasonable objection.

ARTICLE 6. LIQUIDATED DAMAGES

6.1 Liquidated Damages Generally. Additional liquidated damages provisions are set forth in Article 9 of the General Conditions.

6.2 Failure to Achieve Milestones. DESIGN BUILD CONTRACTOR and City agree that failure to achieve the Project milestones in this Section by the dates set forth in the agreed upon Guaranteed Maximum Price proposals will cause damages to City and that actual damages from such harm are difficult to estimate accurately. Therefore, DESIGN BUILD CONTRACTOR and City agree that DESIGN BUILD CONTRACTOR and Surety are liable for and shall pay to City the amounts below per Day, on a cumulative basis, as liquidated damages and not as a penalty, for each and every Day or portion of a Day of delay beyond the milestone dates described below. DESIGN BUILD CONTRACTOR and City agree that the amounts of liquidated damages fixed in this Section are reasonable forecasts of just compensation for harm to City resulting from DESIGN BUILD CONTRACTOR's failure to achieve the milestones set forth herein. These liquidated damages shall be City's sole remedy for damages from delay by DESIGN BUILD CONTRACTOR except that City shall be entitled to recover all of its actual, direct, and consequential damages in the event liquidated damages are determined to be unenforceable, and City shall also be entitled to City's remedies under Article 14 of the General Conditions. Liquidated damages for each of the Project milestones are as follows:

- 6.2.2 Substantial Completion of Phase 2 – Construction Milestone: \$15,000 per Day. The milestone duration is 336 Calendar Days from Phase 2 Construction Notice to Proceed.

- 6.2.3 Final Completion of Phase 2 – Construction Milestone: \$1,000 per Day. The milestone duration is 366 Calendar Days from Phase 2 Construction Notice to Proceed.

ARTICLE 8. CONTRACT COMPENSATION

8.1 General Payment Requirements.

- 8.1.1 In addition to the payment terms set forth in this Article, the general requirements for payment, including the procedures and timing for the Applications for Payment, for DESIGN BUILD CONTRACTOR's Services are set forth in Article 9 of the General Conditions.
- 8.1.2 As of the Effective Date, the maximum amount payable to the DESIGN BUILD CONTRACTOR under this Agreement is the total amount for compensation for the performance of Preconstruction Services as set forth in Section 8.2.1 below. Without limiting any term or condition hereunder with respect to payments to the DESIGN BUILD CONTRACTOR, the DESIGN BUILD CONTRACTOR's entitlement to, and the City's obligation to pay, any additional compensation to the DESIGN BUILD CONTRACTOR for the performance of the Work will be dependent upon the execution of the GMP Amendment. The DESIGN BUILD CONTRACTOR recognizes that the City has no obligation hereunder to enter into any such Amendment. In the event the City and DESIGN BUILD CONTRACTOR agree on a Guaranteed Maximum Price and the City authorizes DESIGN BUILD CONTRACTOR to proceed with the Construction Services, DESIGN BUILD CONTRACTOR's compensation shall be calculated under 8.3 below.

8.2 Preconstruction Services Price – Phase 1 Only.

- 8.2.1 Subject to the City's limit of appropriation, for properly performed and completed Preconstruction Phase Services, City shall pay DESIGN BUILD CONTRACTOR a total lump sum amount of \$[REDACTED], which includes \$[REDACTED] for Pre-Construction Services and \$[REDACTED] for DESIGN BUILD CONTRACTOR Design Services (Design Complete to GMP Agreement).
- 8.2.2 City will pay DESIGN BUILD CONTRACTOR on the basis of invoices showing the percentage of services performed and materials purchased during the preceding month for each phase of Preconstruction Phase Services based upon the allocation of the Preconstruction Services Price set forth above. The Preconstruction Services Price shall be deemed to be full compensation to DESIGN BUILD CONTRACTOR for all Preconstruction Phase Services, including all costs, overhead, and profit.

- 8.2.3 All payment requests for Preconstruction Phase Services shall be submitted on an Application for Payment and Schedule of Values approved by Director and includes all required attachments identifying payments to DESIGN BUILD CONTRACTOR, as well as to all Subcontractors.
- 8.2.4 DESIGN BUILD CONTRACTOR shall not be entitled to an increase in the Preconstruction Services amount set forth in this Section because of Project Schedule extensions or delays, or changes in the scope of the proposed Project, unless such extensions, delays, or changes are material and significant as reasonably determined by the Director.

8.3 Construction Phase Payments – Phase 2 Only.

- 8.3.1 Pursuant to the terms of this Agreement, City shall pay DESIGN BUILD CONTRACTOR for DESIGN BUILD CONTRACTOR's Construction Phase proper and complete performance of the Construction Phase Services, the Cost of the Work and the DESIGN BUILD CONTRACTOR's Fee, up to the limit of the Guaranteed Maximum Price in accordance with the payment provisions of the General Conditions. Payment by City shall be deemed full compensation to DESIGN BUILD CONTRACTOR for the performance of the Construction Phase. In the General Conditions, references to adjustments in "cost" or "costs" refer to Costs of the Work as defined below, and references to DESIGN BUILD CONTRACTOR's "home/branch office overhead" and "profit" refer to DESIGN BUILD CONTRACTOR's Fee.
- 8.3.2 DESIGN BUILD CONTRACTOR shall not receive any fee for Work deleted by Modifications. The DESIGN BUILD CONTRACTOR's Fee shall be compensation in full to DESIGN BUILD CONTRACTOR for all overhead and profit and all costs not otherwise recoverable.
- 8.3.3 The sum of the Cost of the Work and DESIGN BUILD CONTRACTOR's Fee is guaranteed by DESIGN BUILD CONTRACTOR not to exceed whatever Guaranteed Maximum Price Director and DESIGN BUILD CONTRACTOR may agree upon in writing, subject to additions and deductions by Change Order as provided in the Contract Documents. This maximum sum is referred to in the Contract Documents as the Guaranteed Maximum Price. Costs that would cause the Guaranteed Maximum Price to be exceeded shall be paid by DESIGN BUILD CONTRACTOR without reimbursement by City. No Change Order shall affect the Guaranteed Maximum Price unless the Change Order specifies the exact total change to the Guaranteed Maximum Price.
- 8.3.4 In the event that the DESIGN BUILD CONTRACTOR is required to pay or bear the burden of any new federal, state, or local tax, or of any rate increase of an existing tax (except a tax on income) with respect to its forces and/or its performance of the Work as a result of any statute, court decision, written ruling, or regulation taking effect after the Effective Date of this Agreement, the Guaranteed Maximum Price shall be increased by the amount of the new tax or

tax increase upon proof satisfactory to the Director that such increase has been applied to DESIGN BUILD CONTRACTOR.

- 8.3.5 If the sum of the Cost of the Work and the DESIGN BUILD CONTRACTOR's Fee for the Construction Phase is less than the Guaranteed Maximum Price for such Phase, then all such savings shall all be retained by City.
- 8.3.6 Subject to the City's appropriation of funds, in full consideration of DESIGN BUILD CONTRACTOR's services during Phase 2 – Construction the City shall pay the DESIGN BUILD CONTRACTOR during Phase 2 – Construction the DESIGN BUILD CONTRACTOR's Fee of [REDACTED] % of the Cost of the Work, in addition to a lump sum price of \$[REDACTED] for the DESIGN BUILD CONTRACTOR'S Design Services (For completion of Construction Documents and Designer's Services During Construction). DESIGN BUILD CONTRACTOR agrees that if the Guaranteed Maximum Price for a Phase increases or decreases from the amount originally agreed upon, the DESIGN BUILD CONTRACTOR's Fee will increase or decrease based upon the actual Cost of the Work. Notwithstanding anything in the Contract Documents to the contrary, DESIGN BUILD CONTRACTOR shall not earn a fee on the lump sum price of the Designer. DESIGN BUILD CONTRACTOR's Fee is inclusive of DESIGN BUILD CONTRACTOR's profit, general overhead and all expenses in connection with maintaining and operating DESIGN BUILD CONTRACTOR's main office and any branch office, including:
- 8.3.6.1. Salaries of persons employed in the main or branch offices of the DESIGN BUILD CONTRACTOR whose time is devoted to the general conduct of the DESIGN BUILD CONTRACTOR's business for the Project, such as project executives, operations managers, contract administrators, office managers, stenographers, plan clerks, file clerks, and draftsmen except to the extent that their time is actually spent on the Project and they are identified on **Exhibit "D"**.
- 8.3.6.2. Outside services and their expenses for estimating, personnel, accounting, budget control, audit and management information systems (other than Preconstruction Services) relating to accounting in DESIGN BUILD CONTRACTOR's office and even if at the site, except as specifically identified herein.
- 8.3.6.3. Interest on the DESIGN BUILD CONTRACTOR's capital or on money borrowed by the DESIGN BUILD CONTRACTOR, including the capital employed by the DESIGN BUILD CONTRACTOR in the performance of the Work.
- 8.3.6.4. Amounts required to be paid by DESIGN BUILD CONTRACTOR for Federal and/or State income and franchise taxes.
- 8.3.7 In addition to the payment procedures described in the General Conditions, the following payment procedures shall apply:
- 8.3.7.1. The Schedule of Values may be revised from time to time to adjust allocations of costs to various line items as the costs become better

known, but such adjustment shall be subject to the approval of the Director, which shall not be unreasonably withheld. Under no circumstances shall the Schedule of Values exceed the Guaranteed Maximum Price for the Construction Phase. The DESIGN BUILD CONTRACTOR's Fee, labor and expenses for General Conditions Work, labor and expenses for any self-performed Work, and the contingency shall be shown as separate line items on the Schedule of Values.

- 8.3.7.2. The Schedule of Values submitted shall maintain the originally established value for each work classification line item, and shall contain any revisions to costs or cost estimates for each such classification. The format and tracking method of the original Schedule of Values and of all updates thereto shall be subject to the approval of Director.
- 8.3.7.3. Payment for DESIGN BUILD CONTRACTOR's Fee shall be in the same proportion to the total fee as the amount requested for the Cost of the Work relative to the total Cost of the Work used in deriving the Guaranteed Maximum Price.
- 8.3.7.4. DESIGN BUILD CONTRACTOR shall submit a monthly cost breakdown, including cost elements for staff labor and expenses over the duration of the construction period to Director for approval. Payment for DESIGN BUILD CONTRACTOR's General Conditions shall be made on a monthly basis per the approved breakdown.
- 8.3.7.5. Payment for the Cost of the Work shall be made based on percentages of completion of each portion of the Work listed in Schedule of Values as of the end of the period covered by the Application for Payment, in accordance with the General Conditions.
- 8.3.7.6. Retainage as specified in the General Conditions will be applied to the entire amount requested including the Cost of the Work, the DESIGN BUILD CONTRACTOR's Fee, and Preconstruction Phase Services, as applicable. Retainage will not be held on the cost of the City's standard "pass-through" items, such as building permits, payment and performance bonds and insurance costs. Retainage will be reduced for the Project and the Project will be closed out consistent with the relevant provisions of the General Conditions.
- 8.3.7.7. At all times, the estimated cost of performing the uncompleted and unpaid portion of the Work shall not exceed the unpaid balance of the Guaranteed Maximum Price (less retainage on Work previously completed).
- 8.3.7.8. Payments to Subcontractors shall be made based on the same percentage of Work completed that is allocable to that Subcontractor for each respective Schedule of Values classification including applicable retainage.

- 8.3.7.9. With each application for payment, DESIGN BUILD CONTRACTOR shall submit a certified release of all claims, known or that should reasonably be known, and liens against the City, stating “In consideration for the payment requested herein and upon receipt of such payment, DESIGN BUILD CONTRACTOR waives and releases all claims and liens of every sort against City relating to or arising out of the Work performed, except for such claims as have been properly submitted in writing in accordance with the Contract Documents.” The final request for payment shall not be made until DESIGN BUILD CONTRACTOR delivers to City a complete release by DESIGN BUILD CONTRACTOR of all claims and liens of any sort arising out of the performance of the Work, affidavits from Subcontractors indicating they have been paid in full, other than amounts remaining to be paid to the DESIGN BUILD CONTRACTOR for Work performed by that Subcontractor (which amounts shall be stated), a complete release of all claims and liens from all Subcontractors (except that, as to amounts remaining to be paid to that Subcontractor, such release may be made contingent upon City making payment to DESIGN BUILD CONTRACTOR) and an affidavit that so far as DESIGN BUILD CONTRACTOR has knowledge or information, the release includes and covers all materials and services over which DESIGN BUILD CONTRACTOR has control for which a lien could be filed, but DESIGN BUILD CONTRACTOR may, if any Subcontractor or consultant refuses to furnish a required affidavit or release, furnish a bond satisfactory to Director to indemnify City against any claim or lien of any sort and any related costs, including attorneys’ fees. If any claim or lien of any sort remains unsatisfied after all payments are made, DESIGN BUILD CONTRACTOR shall refund to City all moneys City may be compelled to pay in discharging such lien, including all costs and reasonable attorneys’ fees, and City shall have all remedies at law and in equity.
- 8.3.7.10. The aggregate total of payments to DESIGN BUILD CONTRACTOR shall not exceed the total of the actual Cost of the Work as verified by Director from DESIGN BUILD CONTRACTOR’s final accounting plus the applicable DESIGN BUILD CONTRACTOR’s Fee as certified for payment in accordance with the Contract, but in no event more than the Guaranteed Maximum Price and approved change orders to Guaranteed Maximum Price plus Preconstruction Phase services costs. If payments made to DESIGN BUILD CONTRACTOR exceed that which is due and owing pursuant to this **Article 8**, then DESIGN BUILD CONTRACTOR shall promptly refund such excess to City.
- 8.3.8 In addition to the City’s other rights and any provision hereof to the contrary notwithstanding and to the extent reasonably necessary to protect itself, City shall not be obligated to make any payment (whether a progress payment or final payment) to DESIGN BUILD CONTRACTOR hereunder if any one or more of the following conditions exist:

- 8.3.8.1. The DESIGN BUILD CONTRACTOR is in breach or default under this Agreement;
 - 8.3.8.2. Any part of such payment is attributable to services, which are not performed in accordance with this Agreement; provided, however, such payment shall be made as to the part thereof attributable to services which were performed in accordance with this Agreement;
 - 8.3.8.3. The DESIGN BUILD CONTRACTOR has failed to make payments promptly to Subcontractors or other third parties used in connection with the services for which City has made payment to DESIGN BUILD CONTRACTOR; or
 - 8.3.8.4. If Director determines that the amount remaining under the Guaranteed Maximum Price will not be sufficient to complete the services in accordance with this Agreement, no additional payments will be due DESIGN BUILD CONTRACTOR hereunder unless and until DESIGN BUILD CONTRACTOR, at DESIGN BUILD CONTRACTOR's sole cost, performs a sufficient portion of the remaining services so that such portion of the amount remaining under the Guaranteed Maximum Price is determined by City to be sufficient to so complete the then remaining Work.
- 8.3.9 Nothing contained herein shall require the City to pay the DESIGN BUILD CONTRACTOR an aggregate amount exceeding the Guaranteed Maximum Price or to make payment if in the City's belief the cost to complete the Work would exceed the Guaranteed Maximum Price less previous payments to DESIGN BUILD CONTRACTOR.
- 8.3.10 No partial payment made hereunder shall be, or shall be construed to be, final acceptance or approval of that part of the Work to which such partial payment relates, or a release of DESIGN BUILD CONTRACTOR of any of DESIGN BUILD CONTRACTOR's obligations hereunder or liabilities with respect to such Work.
- 8.3.11 DESIGN BUILD CONTRACTOR shall promptly pay all bills validly due and owing for labor and material performed and furnished by others in connection with the performance of the Preconstruction Services and the Construction Phase Services.
- 8.3.12 City shall have the right to verify and audit for a period of seven (7) years after final payment for the Construction Phase, the details set forth in DESIGN BUILD CONTRACTOR's billings, certificates, accountings, cost data, and statements, including all underlying costs and expenses in the Cost of the Work, either before or after payment therefor, by (1) inspecting the books and records of DESIGN BUILD CONTRACTOR with respect to the Project during normal business hours; (2) examining any reports with respect to this Project; (3) interviewing DESIGN BUILD CONTRACTOR's business employees; (4) visiting the Project site; and (5) other reasonable action. City shall have the right to audit all costs, the basis for those costs, and all underlying expenses relating to DESIGN BUILD CONTRACTOR's performance herein, including but not limited to, the Cost of the

Work, particularly, without limitation, labor rates and hourly salary rates set forth in **Exhibit “D”**.

- 8.3.13 DESIGN BUILD CONTRACTOR shall establish and maintain a reasonable accounting system that enables the City to readily identify DESIGN BUILD CONTRACTOR's assets, expenses, costs of goods, and use of funds. The City and its authorized representatives shall have the right to audit, to examine, and to make copies of or extracts from all financial and related records (in whatever form they may be kept, whether written, electronic, or other) relating to or pertaining to this Agreement kept by or under the control of the DESIGN BUILD CONTRACTOR, including, but not limited to those kept by the DESIGN BUILD CONTRACTOR, its employees, agents, assigns, successors, and subcontractors. Such records shall include, but not be limited to, accounting records, written policies and procedures; subcontract files (including proposals of successful and unsuccessful bidders, bid recaps, etc.); all paid vouchers including those for out-of-pocket expenses; other reimbursement supported by invoices; ledgers; cancelled checks; deposit slips; bank statements; journals; original estimates; estimating work sheets; contract amendments and change order files; backcharge logs and supporting documentation; insurance documents; payroll documents; timesheets; memoranda; and correspondence.
- 8.3.14 DESIGN BUILD CONTRACTOR shall, at all times during the term of this Agreement and for a period of seven (7) years after the termination or completion of this Agreement, maintain such records, together with such supporting or underlying documents and materials. The DESIGN BUILD CONTRACTOR shall at any time requested by the City, whether during or after completion of this Agreement, and at DESIGN BUILD CONTRACTOR's own expense make such records available for inspection and audit (including copies and extracts of records as required) by the City. Such records shall be made available to the City during normal business hours at the DESIGN BUILD CONTRACTOR's office or place of business and subject to a three day written notice. In the event that no such location is available, then the financial records, together with the supporting or underlying documents and records, shall be made available for audit at a time and location that is convenient for the City.
- 8.3.15 DESIGN BUILD CONTRACTOR shall ensure the City has these rights with DESIGN BUILD CONTRACTOR's employees, agents, assigns, successors, and subcontractors, and the obligations of these rights shall be explicitly included in any subcontracts or agreements formed between the DESIGN BUILD CONTRACTOR and any subcontractors to the extent that those subcontracts or agreements relate to fulfillment of the DESIGN BUILD CONTRACTOR's obligations to the City. Costs of any audits conducted under the authority of this right to audit and not addressed elsewhere will be borne by the City unless the following criteria are met: (i) If the audit identifies overpricing or overcharges (of any nature) by the DESIGN BUILD CONTRACTOR to the City in excess of one-half of one percent (.5%) of the total contract billings, the DESIGN BUILD CONTRACTOR shall reimburse the City for the total costs of the audit and/or (ii) If the audit discovers substantive findings related to fraud, misrepresentation, or

non-performance, the City may recoup the costs of the audit work from the DESIGN BUILD CONTRACTOR. Any adjustments and/or payments that must be made as a result of any such audit or inspection of the DESIGN BUILD CONTRACTOR's invoices and/or records shall be made within a reasonable amount of time (not to exceed 90 days) from presentation of the City's findings to DESIGN BUILD CONTRACTOR.

- 8.3.16 The acceptance by DESIGN BUILD CONTRACTOR or DESIGN BUILD CONTRACTOR's successors of final payment under this Agreement, shall constitute a full and complete release of City from any and all claims, demands, and causes of action whatsoever which DESIGN BUILD CONTRACTOR or DESIGN BUILD CONTRACTOR's successors have or may have against City under the provisions of this Agreement except those previously made in writing and identified by DESIGN BUILD CONTRACTOR as unsettled at the time of the final request for payment in a document captioned "Unsettled Claims" included with DESIGN BUILD CONTRACTOR's final request for payment.

8.4 Cost of the Work.

- 8.4.1 Definition. The term Cost of the Work means actual costs of Phase 2 – Construction —excluding mark-up, which the DESIGN BUILD CONTRACTOR necessarily incurs to properly perform the Work in strict compliance with the Contract Documents. Such costs shall be at rates and amounts not higher than the standard paid at the place of the Project except with the prior written consent of Director to that specific rate or amount being higher than the standard. Cost of the Work shall not include costs not necessarily incurred or incurred at higher than permitted rates or amounts. Cost of the Work includes only the items set forth in this Section, which shall all be subject to verification by audit.

8.4.2 Labor Costs.

- 8.4.2.1. Actual hourly wages paid to construction workers directly employed by DESIGN BUILD CONTRACTOR who perform the construction of the Work. DESIGN BUILD CONTRACTOR shall provide certified payrolls and any other documentation requested by City to verify wages and hours, and compliance with the City's wage rates identified in **Exhibit "G"**. Actual wages paid may include premium payments for overtime work or night work for time actually spent in the performance of the Work when such premium payments have been demonstrated to be in accordance with the DESIGN BUILD CONTRACTOR's normal business practice and is included in the Guaranteed Maximum Price. Premium time shall not accrue prior to the completion of 40 hours per week of work by any given individual.
- 8.4.2.2. Actual wages or salaries (inclusive of Labor Burden) of DESIGN BUILD CONTRACTOR's supervisory and administrative personnel who are identified on **Exhibit "D"** together with their Allowable Hourly Rate – but only for documented time when directly involved in

performance of the Work. The salaries of DESIGN BUILD CONTRACTOR's supervisory personnel are subject to a not-to-exceed increase of 3% per year; the first year beginning on the date that Director approves DESIGN BUILD CONTRACTOR's Construction Phase Maximum Guaranteed Price proposal. The three-percent (3%) increase shall be available to DESIGN BUILD CONTRACTOR each year thereafter not to exceed seven (7) years or at the completion or termination of this Agreement, whichever occurs first. The annual not-to-exceed increase of three-percent (3%) is available hereunder only to the extent it reflects a concurrent and equal increase in the supervisory personnel's salaries or wages. Any increase or portion thereof not used in a given year shall expire and does not "bank" or "accumulate." Notwithstanding, Cost of the Work for purposes of calculating payment for DESIGN BUILD CONTRACTOR's supervisory and administrative personnel when directly involved in performance of the Work shall be based on the "actual hourly pay rate" set forth in **Exhibit "D"**. Projected wage increases should be reflected in the Guaranteed Maximum Price Proposal. Actual wages paid may include premium payments for overtime work or night work for time actually spent in the performance of the Work when such premium payments have been demonstrated to be in accordance with the DESIGN BUILD CONTRACTOR's normal business practice and is included in the Guaranteed Maximum Price. Premium time shall not accrue prior to the completion of forty (40) hours per week of work by any given individual. Labor burden for overtime payments shall be eliminated or reduced to equal the DESIGN BUILD CONTRACTOR's actual substantiated cost for such burden. Should DESIGN BUILD CONTRACTOR require employees, other than those listed on **Exhibit "D"**, DESIGN BUILD CONTRACTOR shall provide written notice to the Director setting forth all the information described above. If for any reason, Director reasonably objects to any such employee, DESIGN BUILD CONTRACTOR shall not use that employee to perform on the Project. Failing reasonable objection by the Director, the employee, together with the employee's daily billing rate, shall automatically become a part of **Exhibit "D"**. The Labor Burden rate shall be based on the actual cost of direct wages or salaries of DESIGN BUILD CONTRACTOR's employee's incurred in the interest of the Project. For billing purposes only, this rate shall be established annually, subject to verification by the City's auditors based on the DESIGN BUILD CONTRACTOR's labor burden for the previous year. The City shall be allowed to audit the actual cost of labor burden each year, and City shall be entitled to a refund to the extent that it has paid the DESIGN BUILD CONTRACTOR more than its actual Labor Burden costs. Initially, the Labor Burden shall be set at % subject to verification by the City's auditors. It will be reset each year based on the audited rate for the prior year. Under no circumstances shall the City pay more for Labor Burden than the percentage established for billing purposes for any given year. Labor burden for overtime

payments shall be eliminated or reduced to equal the DESIGN BUILD CONTRACTOR's actual substantiated cost for such burden.

8.4.2.3. Actual out of town travel expenses of DESIGN BUILD CONTRACTOR's personnel incurred directly and solely in support of the Project with prior written approval of the Project Manager or specifically identified in the negotiated cost proposal but only to the extent permitted by City's policies on reimbursement for travel.

8.4.2.4. Actual costs paid or incurred by DESIGN BUILD CONTRACTOR for labor costs arising out of taxes, insurance, and benefits which are (i) required by law, (ii) required by collective bargaining agreements, (iii) or as otherwise customary so long as such costs are based on the actual wages of construction workers properly included in the Cost of the Work as defined herein and are approved in advance by the Director.

8.4.3 Subcontractor Costs

8.4.3.1. Payments actually made by DESIGN BUILD CONTRACTOR to Subcontractors for prosecution of the Work, including Designer's lump sum fee during Phase 2, in accordance with the requirements of their agreements with DESIGN BUILD CONTRACTOR, but only for agreements to the extent they have been specifically consented to in writing by Director. Consent to such agreements shall not create any liability for City and shall not excuse DESIGN BUILD CONTRACTOR from complying with the terms of this Agreement.

8.4.4 Costs of Materials and Equipment Incorporated in the Completed Construction

8.4.4.1. Costs, including transportation, of materials and equipment incorporated or to be incorporated into the Work.

8.4.4.2. Costs of materials described in the preceding subparagraph in excess of those actually installed but required to provide reasonable allowance for waste and for spoilage. City shall be entitled to take possession of excess materials not incorporated into the Work, or at Director's option, DESIGN BUILD CONTRACTOR shall sell such materials and deduct the greater of fair market value or gross proceeds from the Cost of the Work.

8.4.5 Costs of Other Materials and Equipment, Temporary Facilities and Related Items

8.4.5.1. Costs, including transportation, installation, maintenance, dismantling and removal of materials, supplies, temporary facilities, machinery, equipment, and hand tools not customarily owned by the construction workers, which are provided by DESIGN BUILD CONTRACTOR at the site and fully consumed in the performance of the Work; and if not fully

consumed, then the cost shall be based on the cost of the item less its fair market value. Cost for items previously used by DESIGN BUILD CONTRACTOR shall mean fair market value prior to use on the Project. The cost for hand and small tools shall not exceed 3% of the direct payroll costs for employees of DESIGN BUILD CONTRACTOR.

- 8.4.5.2. Rental charges for temporary facilities, machinery, equipment, excluding hand tools which are provided at the Project site, whether rented from DESIGN BUILD CONTRACTOR or others, and costs of transportation, installation, minor repairs and replacements, dismantling and removal thereof. The aggregate rental charges for an item used on this Project (including the rental charges for items used to replace it) shall not under any circumstances exceed 75% of the value of that item or 75% of any applicable option purchase price, whichever is lower. Machinery and equipment owned by DESIGN BUILD CONTRACTOR or any person affiliated with or owned or controlled by DESIGN BUILD CONTRACTOR or persons affiliated with DESIGN BUILD CONTRACTOR shall not be charged at more than the market rate for such equipment in the Houston area or 90% of current published rental rates of the Associated Equipment Dealers, for such equipment, whichever is less.
- 8.4.5.3. Costs of removal of debris from the Project site.
- 8.4.5.4. Costs of postage and parcel delivery charges, standard and reasonable telephone service at the Project site and reasonable petty cash expenses of the Project site office, incurred directly and solely in support of the Work, and all incurred at the Project site.
- 8.4.5.5. That portion of the reasonable travel and subsistence expenses of DESIGN BUILD CONTRACTOR's personnel that are consistent with the City's travel policies and incurred while traveling solely in the discharge of duties directly connected with the Work, but not including travel expenses or commuting expenses incurred within Houston and its extra-territorial jurisdiction.
- 8.4.5.6. Area specific site periodic and final clean up, not previously included, and in accordance with all Applicable Laws and regulations.
- 8.4.5.7. Any hazardous materials handling, abatement, and disposal cost(s).

8.4.6 Miscellaneous Costs

- 8.4.6.1. Sales, use, or similar taxes imposed by a governmental authority that are related to the Work and for which DESIGN BUILD CONTRACTOR is liable. Notwithstanding, City is a home-rule municipal corporation and DESIGN BUILD CONTRACTOR shall avail itself of all exemptions which may exist for such taxes based on City's status.

- 8.4.6.2. Fees and assessments for building permits and for other permits and inspections that DESIGN BUILD CONTRACTOR is required by the Contract Documents to pay for or obtain.
- 8.4.6.3. Premiums for insurance and bonds to the extent directly attributable to this Agreement, except as set forth in Section 11.2. Any premium allocation plan to this Project by DESIGN BUILD CONTRACTOR must be approved by the City's Legal Department.
- 8.4.6.4. Testing fees pursuant to the Contract Documents, except those related to defective or nonconforming Work for which reimbursement is excluded.
- 8.4.6.5. Intellectual property royalties and licenses for items specifically required by the Contract Documents which are, or will be, incorporated into the Work. If a particular design, process, or product of a particular manufacturer is required by City, then costs of payments made in accordance with legal judgments against DESIGN BUILD CONTRACTOR resulting from suits for such infringement, payments of settlements made with City's written consent, and reasonable legal fees related to the infringement are eligible as a Cost of the Work and shall not be included in the calculation of DESIGN BUILD CONTRACTOR's Fee or the Guaranteed Maximum Price (but shall still be subject to the limit covered by the Appropriated Funds). Notwithstanding the foregoing, if DESIGN BUILD CONTRACTOR had reason to believe the required design, process, or product is an infringement, such payments and fees shall not be a Cost of the Work and DESIGN BUILD CONTRACTOR shall be responsible for such payments, fees and losses unless DESIGN BUILD CONTRACTOR notifies Director of the potential infringement promptly before proceeding and in writing.
- 8.4.6.6. Utility company charges including meter fees, tap fees and utility consumption charges
- 8.4.6.7. Contingency allowed by the Contract Documents, and identified as a line item in the Schedule of Values.
- 8.4.6.8. Costs of cell phones and vehicles, not otherwise included in the Labor Burden, for those employees approved by the Director.
- 8.4.6.9. Costs of on-site computers, printers, monitors, software, maintenance and other electronic equipment approved in advance and in writing by the Director, used solely for the Project
- 8.4.6.10. That portion of the cost of subcontractor default insurance or similar product for enrolled subcontractors or suppliers, which comprises only the risk transfer premium, and not prefunded deductibles or any other

deposits, prepayments or charges of any type, and only as agreed to in advance by the Director following full transparency into the policy and the charges.

- 8.4.6.11. Other costs approved in advance in writing by Director at Director's sole option and discretion, including approved allocation and use of Contingency.

Once Appropriated Funds have been increased, the DESIGN BUILD CONTRACTOR shall resume performance of the authorized Work and may be entitled to equitable adjustment in accordance with the applicable provisions of the Contract Documents. If after more than 180 days Appropriated Funds have not been increased, the DESIGN BUILD CONTRACTOR shall have the right to terminate its performance in accordance with the applicable provisions of the Contract Documents. However,

An approval or direction by the Director, or by any other employee or agent of the City, of any part of DESIGN BUILD CONTRACTOR's performance does not waive compliance with this Agreement or establish a standard of performance other than that required by this Agreement and by law.

DESIGN BUILD CONTRACTOR, in accordance with its status as an independent contractor, covenants and agrees that it shall conduct itself consistent with such status, that it will neither hold itself out as nor claim to be an officer, partner, employee, or agent of City by reason hereof, and that it will not by reason hereof make any claim, demand or application to or for any right or privilege applicable to an officer, partner, employee or agent of City, including, but not limited to, unemployment insurance benefits, social security coverage, or retirement benefits. DESIGN BUILD CONTRACTOR hereby agrees to make its own arrangements for

any of such benefits as it may desire and agrees that it is responsible for all income taxes required by Applicable Law.

ARTICLE 1 - GENERAL PROVISIONS 0

1.1 DEFINITIONS

1.1.1 Capitalized terms have the meanings set forth in Exhibit A. Unless otherwise indicated, for purposes of interpreting this General Conditions document, "Contract" shall mean "Agreement" and "City Engineer" shall mean "Director".

1.2 EXECUTION, CORRELATION, AND INTENT

1.2.1 Execution of the Contract by Design Build Contractor is conclusive that Design Build Contractor has visited the Work site, become familiar with local conditions under which the Work will be performed, and fully informed itself as to conditions and matters which can affect the Work or costs. Design Build Contractor further agrees that it has carefully correlated personal observations with requirements of the Contract.

1.2.2. The Contract Documents and Modifications have been read and carefully considered by Design Build Contractor who understands and agrees to their sufficiency for the Work. The Contract may not be more strongly construed against the City than against Design Build Contractor and Surety.

1.2.2 Design Build Contractor shall include all items necessary for proper execution and completion of the Work in strict accordance with Contract Documents and reasonably inferable therefrom.

1.2.3 Reference to standard specifications, manuals, or codes of a technical society, organization, or association, or to laws or regulations of a governmental authority, whether specific or implied, mean the latest edition in effect as of date of written agreement as to the Guaranteed Maximum Price (GMP) for the portion of the Work covered by that GMP, except as may be otherwise specifically stated in the Contract Documents.

1.2.4 No provision of any referenced standard, specification, or manual changes the duties and responsibilities of the City or Director from those set forth in the Contract.

1.2.5 Organization of Specifications into divisions, sections, and articles and arrangement of Drawings does not control Design Build Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

1.2.6 Unless otherwise defined in the Contract, words which have well-known construction industry technical meanings are used in the Contract in accordance with these recognized meanings.

1.2.7 Where the words "directed," "required," "permitted," "ordered," "designated," "prescribed," or words of like import are used, it shall mean the direction, requirement, permission, order, designation, or prescription of Director unless explicitly stated otherwise. The words "approved," "acceptable," "satisfactory," or words of like import, shall mean approved by, or acceptable to, or satisfactory to Director, unless explicitly stated otherwise.

1.2.8 Reference to a specific requirement of a cited standard shall include all general requirements of the entire cited standard pertinent to the specific reference.

1.3 OWNERSHIP AND USE OF DOCUMENTS

1.3.1 Drawings, Specifications, and other documents prepared by the City or by Design Build Contractor are instruments of service through which the Work to be executed by Design Build Contractor is described. Design Build Contractor may retain one Contract record set.

1.3.2 Neither Design Build Contractor, Subcontractor, nor Supplier will own or claim a copyright to documents contained in the Contract or any part of the Contract.

1.3.3 Documents contained in the Contract Documents, prepared by the City or by Design Build Contractor, and copies furnished to Design Build Contractor, are for use solely with respect to the Work. They may not be used by Design Build Contractor, Subcontractors, or Suppliers on other projects or for additions to the

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)

Work, outside the scope of the Work, without the specific written consent of Director.

8

1.3.4 Design Build Contractor, Subcontractors, and Suppliers are granted a limited license to use and reproduce applicable portions of the Contract appropriate to and for use in execution of their Work under the Contract.

9

1.3.5 Any documents created by Design Build Contractor or its subcontractors for the Work shall become the property of the City upon their creation. In the event this transfer of ownership is ineffective for any reason, the City is hereby granted an irrevocable, non-exclusive, perpetual, royalty-free license to use said documents in conjunction with the Project. This provision shall be in all contracts awarded by Design Build Contractor and Design Build Contractor shall require the provision in all contracts of lower tiers.

1.4 INTERPRETATION

1.4.1 Specifications are written in an imperative streamlined form and are directed to Design Build Contractor, unless noted otherwise. When written in this form, words "shall be" are included by inference where a colon (:) is used within sentences or phrases.

10

1.4.2 In the interest of brevity, the Contract frequently omits modifying words such as "all" and "any" and articles such as "the" and "an", but an absent modifier or article is not intended to affect interpretation of a statement.

11

ARTICLE 2 - THE CITY

This notice does not estop or prevent the City from later asserting a different basis for indemnification or a different amount of indemnified loss than that indicated in the initial notice. If the City does not provide this notice within the 10-day period, it does not waive any right to indemnification except to the extent that Design Build Contractor is prejudiced, suffers loss, or incurs expense because of the delay.

3.27.2.2 *Continued Participation.* If Design Build Contractor elects to defend the claim, the City may retain separate counsel to participate in, but not control, the defense and to participate in, but not control, any settlement negotiations. ARTICLE 4 - ADMINISTRATION OF THE CONTRACT

4.1 CONTRACT ADMINISTRATION

4.1.1 Director will provide administration of the Contract, and, subject to Paragraph 7.1.2, Director is authorized to issue Change Orders,

Work Change Directives, and Minor Changes in the Work.

4.1.1.1 Throughout the Agreement, certain responsibilities have been delegated to the Project Manager. In the event of a difference between the Agreement and these General Conditions, the Agreement shall control.

4.1.1.2 The Director may act through Project Manager or Inspector. When the term "Director" is used in the Contract, action by Director is required unless Director delegates his authority in writing. The Director may not delegate authority to render decisions under Paragraph 4.4.

4.1.2 The City does not have control over or charge of, and is not responsible for, supervision, construction, and safety procedures enumerated in Paragraph 3.3. The City does not have control over or charge of and is not responsible for acts or omissions of Design Build Contractor, Subcontractors, or Suppliers.

4.1.4 Project Manager will review and accept or take other appropriate action on Design Build Contractor's submittals, but only for limited purpose of checking for conformance with information given and design concept expressed in the Contract.

4.1.4.1 Project Manager's review of the submittals is not conducted for purpose of determining accuracy and completeness of other details, such as dimensions and quantities, or for substantiating instructions for installation or performance of Products, all of which remain the responsibility of Design Build Contractor.

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)

4.1.4.2 Project Manager's review and/or acceptance of submittals does not relieve Design Build Contractor of Design Build Contractor's obligations to perform the Work in strict conformance with the Contract Documents, including without limitation Design Build Contractor's obligations under Paragraphs 3.3, 3.12, and 3.18 of these Document 00700-General Conditions and shall not constitute approval of safety precautions or, unless otherwise specifically stated by Project Manager in writing, of any construction means, methods, techniques, sequences, or procedures. Project Manager review and/or acceptance of a specific item does not indicate approval of an assembly of which the item is a component.

4.1.4.3 Director's decisions on matters relating to aesthetic effect shall be final if consistent with the intent expressed in the Contract Documents.

4.1.5 Based on field observations and evaluations, Director will process Design Build Contractor's progress payments, certify amounts due Design Build Contractor, and issue Certificates for Payment in the amount certified.

4.1.6 Design Build Contractor shall deliver to Director for his review and records, written warranties and related documents required by the Contract Documents and assembled by Design Build Contractor.

4.1.7 Upon written request by Design Build Contractor or Project Manager, Director will resolve matters of interpretation of or performance of the Contract, which are not Claims. Director's decisions are final and binding on the Parties.

4.1.8 Director may reject Work which does not conform to the Contract.

4.1.9 When Director considers it necessary to implement the intent of the Contract, Director may require additional inspection or testing of work in accordance with

Paragraphs 13.6.3 and 13.6.4, whether such work is fabricated, installed, or completed.

4.1.10 Except as expressly stated in this Article or other provisions of the Agreement or these Conditions of the Contract, the City owes no duty to the Design Build Contractor or any subcontractor.

4.2 COMMUNICATIONS IN ADMINISTRATION OF THE CONTRACT

4.2.1 Except as otherwise provided in the Contract or when authorized by Director in writing, Design Build Contractor shall communicate with the Project Manager. Design Build Contractor shall communicate with separate Contractors through Director. The Director will communicate with Subcontractors and Suppliers through Design Build Contractor, but Director is entitled to communicate directly with Subcontractors and Suppliers at any time to obtain information.

4.2.2 Inspectors employed by the City shall be authorized to inspect all work done and materials furnished. Such inspection may extend to all or any part of the work and to the preparation, fabrication or manufacture of the materials to be used. Inspectors are not authorized to revoke, alter or waive any provision of the Contract. Inspectors are not authorized to issue instructions contrary to the plans and specifications or to act as foreman for the Design Build Contractor or its subcontractors.

4.3 CLAIMS AND DISPUTES [SUBJECT TO CHANGE]

4.3.1 *Documentation by Project Manager:* Design Build Contractor shall submit Claims, to Project Manager for documentation and recommendation to Director.

4.3.2 *Decision of Director:* Upon submission of Claim by Project Manager or Design Build Contractor, Director will resolve Claims in accordance with Paragraph 4.4.

4.3.3 *Time Limits on Claims:* Claims by Design Build Contractor must be made within ninety-one (91) days after the occurrence of the event giving rise to the Claim. Claims by Design Build Contractor not made within the time required in the required manner shall be deemed

waived by Design Build Contractor. Design Build Contractor must give initial notice to the Director of an event that Design Build Contract views as one that might give rise to a Claim within seven (7) days of the event.

4.3.4 *Continuing the Contract Performance:* Pending final resolution of a Claim including referral to non-binding mediation, unless otherwise agreed in writing, Design Build Contractor shall proceed diligently with the performance of the Contract and the City will continue to make payments in accordance with the Contract.

4.3.4.1 Pending final resolution of a Claim including referral to non-binding mediation, Design Build Contractor is responsible for safety and protection of physical properties and conditions at the Project site.

4.3.5 *Claims for Concealed or Unknown Conditions:* Concealed or unknown physical conditions may include utility lines, other man-made structures, storage facilities, Pollutants and Pollutant Facilities, and the like, but do not include conditions discovered or that reasonably should have been discovered through reasonable visual site inspection, geotechnical testing, geotechnical information available to Design Build Contractor, or to the extent otherwise reasonably discoverable by a reasonably prudent Design Build Contractor, or that do not materially differ from those indicated in the Contract Documents, or information provided by City or those that should reasonably be anticipated, arising from Design Build Contractor's operations, or failure of Design Build Contractor to properly protect and safeguard subsurface facilities, or that do not materially differ from those indicated in the Contract Documents, or information provided by City or those that should reasonably be anticipated. Subject to the foregoing, concealed conditions also include naturally-occurring soil conditions outside the range of soil conditions identified through geotechnical investigations, but do not include conditions arising from groundwater, rain, or flood.

4.3.5.1 If conditions are encountered at the site which are Underground Facilities or otherwise concealed or unknown conditions which differ materially from:

4.3.1.1.1 those indicated by the Contract Documents; or

4.3.1.1.2 conditions which Design Build Contractor reasonably could have discovered through site inspection, geotechnical testing, or to the extent otherwise reasonably discoverable by a reasonably prudent Design Build Contractor;

then Design Build Contractor will give written notice to Director no later than seven (7) days after Design Build Contractor's first observation of the condition and before condition is disturbed. Design Build Contractor's failure to provide notice constitutes a waiver of a Claim.

4.3.5.2 Director will promptly investigate concealed or unknown conditions. If Director determines that conditions at the site are not materially different from those indicated in the Contract and that no change in the GMP or Contract Time is justified, Director will notify Design Build Contractor in writing, stating reasons. If Director determines the conditions differ materially from those indicated by the Contract and cause increase or decrease in Design Build Contractor's cost or time required for performance of part of the Work, Director will recommend an adjustment in the Guaranteed Maximum Price, or Contract Time, or all, as provided in Article 7. Opposition by a Design Build Contractor to Director's determination must be made within twenty-one (21) days after Director has given notice of the decision. If the Parties cannot agree on adjustment to the GMP or Contract Time, adjustment is subject to further proceedings pursuant to Paragraph 4.4.

4.3.6 *Claims for Additional Cost:* If Design Build Contractor wishes to make a Claim for increase in Guaranteed Maximum Price, Design Build Contractor shall give written notice before proceeding with work for which Design Build Contractor intends to submit a Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Paragraph 10.4.

4.3.6.1 Design Build Contractor may file a Claim in accordance with Paragraph 4.4 if Design Build Contractor believes it has incurred additional costs, for the following reasons:

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)

4.3.6.1.1 written interpretation of Director contrary to the terms of the Contract Documents;

4.3.6.1.2 order by Director to stop the Work when Design Build Contractor is not at fault, except when the direction is given to coordinate the Work;

4.3.6.1.3 suspension of the Work by Director;

4.3.6.1.4 termination of the Contract by Director; or

4.3.6.1.5 The City's non-compliance with another provision of the Contract Documents.

4.3.6.2 No increase in the Guaranteed Maximum Price is allowed for delays or hindrances to the Work provided in Paragraph 8.2.1.

4.3.6.3 City is not liable for Claims for delay when Date of Substantial Completion of a Construction Phase occurs prior to expiration of Contract Time.

4.3.7 *Claims for Additional Time:* If Design Build Contractor wishes to make a Claim for an increase in Contract Time, Design Build Contractor shall give written notice as provided in Paragraph 8.2. In case of continuing delay, only one Claim is necessary.

4.4 RESOLUTION OF CLAIMS AND DISPUTES [SUBJECT TO CHANGE]

4.4.1 Director will review Claims and take one or more of the following preliminary actions within thirty (30) days of receipt of Claim:

4.4.1.1 submit a suggested time to meet and discuss the Claim with Director;

4.4.1.2 reject Claim, in whole or in part, stating reasons for rejection;

4.4.1.3 recommend approval of the Claim;

4.4.1.4 suggest a compromise; or

4.4.1.5 take other actions as Director deems appropriate to resolve the Claim.

4.4.2 Director may request additional supporting data from claimant. Party making Claim shall, within ten (10) days after receipt of Director's request, submit additional supporting data requested by Director.

4.4.3 At any time prior to rendering a written decision regarding a Claim, Director may refer Claim to non-binding mediation. If the Claim is resolved, Director will prepare and obtain all appropriate documentation. If the Claim is not resolved, Director will take receipt of Claim and begin a new review under Paragraph 4.4.4.

4.4.4. If Claim is not referred to or settled in non-binding mediation, Director may conduct a hearing and will render a written decision, including findings of fact, within seventy-five (75) days of receipt of the Claim, or a time mutually agreed upon by the Parties in writing. Director may notify Surety and request Surety's assistance in resolving a Claim. Director's decision is final and binding on the Parties.

4.5 CONDITION PRECEDENT TO SUIT, WAIVER OF ATTORNEY FEES, AND INTEREST

4.5.1 Compliance with the Dispute Resolution Process is an absolute condition precedent to the filing of any dispute in any judicial or administrative tribunal.

4.5.2 Neither the City nor Design Build Contractor may recover attorney fees for any claim brought in connection with this Contract.

4.5.3 Neither the City nor the Design Build Contractor may recover interest for any damages claim brought in connection with this Contract except as allowed by TEXAS LOCAL GOVERNMENT CODE Chapter 2251.

4.6 NOTICE, WAIVER, & RELEASE

23.6.1 In accordance with Paragraph 4.3, the Design Build Contractor shall use due diligence in the discovery and submission of any

Claim against the City related to the Contractor's work.

23.6.2 The Design Build Contractor shall submit any Claim to the City not later than the ninety-first (91st) day after the occurrence of the event giving rise to the Claim.

23.6.3 Any failure to timely comply with the requirements of Paragraph 4.6.2 waives and releases any Claim when the Design Build Contractor submits an application for payment after the 91st day.

23.6.4 This waiver does not cover any retainage. In case of any conflict of law, this language shall be revised to the minimum extent necessary to avoid legal conflict. This waiver is made specifically for the benefit of the City.

ARTICLE 5 - SUBCONTRACTORS AND SUPPLIERS

5.1 AWARD OF SUBCONTRACTS OTHER CONTRACTS FOR PORTIONS OF THE WORK

5.1.1 Design Build Contractor may not contract with a Subcontractor, Supplier, person, or entity that Director has made a reasonable and timely objection to.

5.1.2 If Director has a reasonable objection to person or entity proposed by Design Build Contractor, Design Build Contractor shall propose another with whom Director has no reasonable objection.

5.1.3 Design Build Contractor shall execute contracts with approved Subcontractors, Suppliers, persons, or entities before the Subcontractors or Suppliers begin work under the Contract. All such contracts must be executed and sent to the OBO Director and HAS within thirty (30) days after the date of the Notice to Proceed and must include provisions set forth in Articles 3 and 5.

5.1.4 Design Build Contractor shall notify Director in writing of any proposed change of Subcontractor, Supplier, person or entity previously accepted by the City.

5.1.5 Design Build Contractor shall make timely payments to Subcontractors and Suppliers for performance of the Contract Documents.

DESIGN BUILD CONTRACTOR SHALL PROTECT, DEFEND, AND INDEMNIFY CITY FROM ANY CLAIMS OR LIABILITY ARISING OUT OF DESIGN BUILD CONTRACTOR'S FAILURE TO MAKE THE PAYMENTS. Disputes relating to payment of Business Enterprise Subcontractors or Suppliers will be submitted to mediation in the same manner as other disputes under Business Enterprise subcontracts. Failure of Design Build Contractor to comply with decisions of mediator may be determined by Director a material breach leading to termination of the Contract.

5.2 DESIGN BUILD CONTRACTOR RESPONSIBILITY FOR SUBCONTRACTORS

5.2.1 Design Build Contractor is responsible to the City, as may be required by laws and regulations, for all acts and omissions of Subcontractors, Suppliers, and other persons and organizations performing or furnishing any of the Work under direct or indirect contract with Design Build Contractor.

5.2.2 Design Build Contractor shall make available to each proposed Subcontractor, prior to execution of subcontract, copies of the Contract to which Subcontractor is bound by this Paragraph 5.2. Design Build Contractor shall notify Subcontractor of any terms of proposed subcontract which may be at variance with the Contract.

5.2.3 Director's approval of Subcontractor or Suppliers does not relieve Design Build Contractor of its obligation to perform, or to have performed to the full satisfaction of the City, the Work required by the Contract.

5.2.4 Unless there is a contractual relationship between Design Build Contractor and a Subcontractor or Supplier to the contrary, Design Build Contractor shall withhold no more retainage from Subcontractors or Suppliers than City withholds from Design Build Contractor under this Contract. However, once a Subcontractor or Supplier completes performance, Design Build Contractor shall release all retainage to that Subcontractor or Supplier promptly upon the City's early payment of said retainage, in the discretion of the Director.

5.2.5 Prior to a Subcontractor or Supplier commencing performance for Design Build

Contractor, Design Build Contractor shall meet with that Subcontractor or Supplier to provide instructions on invoicing procedures, dispute resolution procedures, and statutory rights, such as Section 2253 of the Texas Government Code. Subcontractors and Suppliers must certify to the Director that Design Build Contractor has fulfilled the requirements of this Paragraph.

ARTICLE 6 - CONSTRUCTION BY THE CITY OR BY SEPARATE CONTRACTORS

6.1 THE CITY'S RIGHT TO PERFORM CONSTRUCTION AND TO AWARD SEPARATE CONTRACTS

6.1.1 The City shall have the right to perform on-site construction operations related to the Work and as part of the Project with its own forces or with separate Contractors.

6.2 COORDINATION

6.2.1 Design Build Contractor will coordinate its activities with those of the City's workforce and of each separate Contractor and Design Build Contractor shall cooperate with the City and separate Contractors. **25**

6.2.1.1 Design Build Contractor²⁶ shall participate with other separate Contractors and City in reviewing their construction schedules when directed to do so by the Project Manager. Design Build Contractor shall make revisions to construction schedule and GMP deemed necessary after joint review and mutual agreement. Construction schedules shall then constitute schedules to be used by Design Build Contractor, separate Contractors, and City, until subsequently revised.

6.2.2 Design Build Contractor shall afford to the City and to separate Contractors reasonable opportunity for introduction and storage of their materials and equipment, and for performance of their activities.

6.2.3 If part of Design Build Contractor's work depends on proper execution of construction or operations by the City or a separate Contractor, Design Build Contractor shall, prior to proceeding with that portion of the Work, inspect the other work and promptly report to Director apparent discrepancies or defects in the other construction that would render it

unsuitable for the proper execution of the Work. Failure of Design Build Contractor to report apparent discrepancies or defects in the other construction shall constitute acknowledgment that the City's or separate Contractor's completed or partially completed construction is fit and proper to receive Design Build Contractor's work, except as to discrepancies or defects not then reasonably discoverable.

6.3 MUTUAL RESPONSIBILITY

6.3.1 Design Build Contractor shall prosecute its Work in a prompt and diligent manner in accordance with the Project schedule, in cooperation with and without hindering the work of any other separate Contractor of the City. Design Build Contractor shall promptly remedy damage caused by Design Build Contractor to completed or partially completed construction or to property of City, or its separate Contractor or others, and shall defend, hold harmless and indemnify the City for all claims or liability, if any, arising out of any hindrance, delay or damage by Design Build Contractor to the work or property of others.

6.4 THE CITY'S RIGHT TO CLEAN UP

6.4.1 If a dispute arises among Design Build Contractor, separate Contractors, and the City as to responsibility under their respective contracts for maintaining premises and surrounding area free from waste materials and rubbish as described in Paragraph 3.21, the City may clean up and allocate cost among those responsible, as determined by Director.

ARTICLE 7 - CHANGES IN THE WORK

7.1 CHANGES

7.1.1 Changes in scope of the Work, subject to limitations in Article 7 and elsewhere in the Contract, may be accomplished without invalidating the Contract, or without notifying Surety by:

- 7.1.1.1 Change Order;
- 7.1.1.2 Work Change Directive; or
- 7.1.1.3 Minor Change in the Work.

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)

7.1.2 The following types of Change Orders require City Council approval:

- 7.1.2.1 a single Change Order that exceeds ten percent (10%) of the GMP,
- 7.1.2.2 a Change Order which, when added to previous Change Orders, exceeds ten percent (10%) of the GMP,
- 7.1.2.3 a Change Order, in which the total value of increases outside of the general scope of work approved by City Council, when added to increases outside the general scope of work approved by City Council in previous Change Orders, exceeds forty percent (40%) of the GMP, even if the net increase to the Original GMP is ten percent (10%) or less. In this context, "increase" means an increase in quantity resulting from the addition of locations not within the scope of work approved by City Council, or the addition of types of goods or services not bid as unit price items.

Nothing in this Paragraph is intended to permit an increase of the GMP in excess of the limit set out in TEX. LOC. GOV'T CODE ANN. §252.048 or its successor statute.

7.1.3 Design Build Contractor shall proceed promptly to perform changes in the Work provided in Modifications, unless otherwise stated in the Modification.

7.2 WORK CHANGE DIRECTIVES

7.2.1 A Work Change Directive cannot change the Guaranteed Maximum Price or Contract Time, but is evidence that the Parties agree that a change, ordered by directive, will be incorporated in a subsequently issued Change Order as to its effect, if any, on the Guaranteed Maximum Price or the Contract Time.

7.2.2 Failure by Design Build Contractor to commence work identified in a Work Change Directive within the time specified by Director, or to complete the work in a reasonable period of

time, may be determined by Director to be a material breach of the Contract.

7.2.3 A Work Change Directive is used in the absence of total agreement of the terms of a Change Order. Interim payments are made in accordance with Article 9. Design Build Contractor may include a request for payment for undisputed Work under a Work Change Directive with Applications for Payment submitted in accordance with the Contract Documents.

7.2.4 If Design Build Contractor signs a Work Change Directive, then Design Build Contractor agrees to its terms including adjustment in the GMP and Contract Time or method for determining them. Agreement by the Parties to adjustments in the GMP and Contract Time shall be recorded as a Change Order.

7.2.5 Director, by Work Change Directive, may direct Design Build Contractor to take measures as necessary to expedite construction to achieve Date of Substantial Completion on or before expiration of Contract Time. When the Work is expedited solely for convenience of the City and not due to Design Build Contractor's failure to prosecute timely completion of the Work, then Design Build Contractor is entitled to an adjustment in the GMP equal to actual costs determined in accordance with Article 7.

7.3 ADJUSTMENTS IN GMP

7.3.1 Adjustments in GMP shall be accomplished only by Change Order and are based on one of the following methods:

- 7.3.1.1 mutual acceptance of pricing, properly itemized and supported by sufficient data to permit evaluation in which to determine an adjustment to the GMP;
- 7.3.1.2 unit prices stated in the Contract or subsequently agreed upon;
- 7.3.1.3 cost to be determined in a manner agreed upon by the Parties and mutually acceptable fixed or percentage fee; or
- 7.3.1.4 as provided in Paragraph 7.3.2.

Otherwise, the Director's determination shall be deemed accepted by Design Build Contractor.

7.3.2.1 If Director determines a method and adjustment in GMP under Paragraph 7.3.2, Design Build Contractor shall provide, in a form as Director may prescribe, appropriate supporting data for items submitted under Paragraph 7.3.2. Failure to submit the data within twenty-one (21) days of request for the data by Director shall constitute waiver of a Claim.

7.3.2.2 Unless otherwise provided in the Contract, costs for the purposes of this Paragraph 7.3.2 are limited to the following:

7.3.2.2.1 costs of labor, including labor burden as stated below for social security, unemployment insurance, customary and usual fringe benefits required by agreement or custom, and Workers' Compensation insurance;

7.3.2.2.5 additional costs of field supervision of the Work, to the extent that the supervision is a direct addition to the Cost of the Work; and

7.3.2.2.6 allowances for overhead and profit as stated below.

7.3.2.2.6.1 the maximum allowances for overhead and profit on increases due to Change Orders set out in the table in this Paragraph.

7.3.2.2.6.2 Overhead and Profit: The Design Build Contractor's and Subcontractors' overhead and profit percentages shall

7.3.2.2.6.3 for changes in the Work performed by Design Build Contractor and its Subcontractors, allowance for overhead is applied to an amount equal to all increases in the Cost of the Work. Allowance for profit is applied to the net Cost of the Work whether the cost is an increase or decrease. Allowance for overhead to Design Build Contractor and first tier Subcontractors on changes performed by lower tier Subcontractors are applied to all increases in the Cost of the Work by applicable Subcontractors.

7.3.4 When Design Build Contractor agrees with the determination made by Director concerning adjustments in GMP and Contract Time, or the Parties otherwise reach agreement upon the adjustments, the agreement will be recorded by Change Order.

7.3.5 Adjustments in the GMP or Contract Time shall be accomplished only by Change Order after

the Parties have agreed to amending the approved GMP Proposal.

7.5 CHANGES IN APPLICABLE LAW

7.5.1 To the extent that a change in Applicable Law enacted after the Guaranteed Maximum Price for an affected Phase is agreed upon affects to a material extent Design Build Contractor's time or cost of performing the Work for the affected Construction Phase, Design Build Contractor shall give Director written notice within ninety-one (91) Days of the effective date of such a change in Applicable Law, setting forth the details of the change in Applicable Law and Design Build Contractor's good faith determination of its impact on Design Build Contractor's performance obligations under the Contract Documents. The Director will investigate such change in Applicable Law and, if the Director determines that it causes an increase or decrease in Design Build Contractor's cost of, or time required for, performance of the Work for the affected Construction Phase and that the notice was given timely, City and Design Build Contractor shall enter into a Change Order in accordance with the provisions of Article 7 herein.

ARTICLE 8 – TIME

8.1 PROGRESS AND COMPLETION

8.1.1 Time is of the essence in the Contract. By executing a Guaranteed Maximum Price Proposal and any Guaranteed Maximum Price contract amendment or change order, as determined by the City, Design Build Contractor agrees that Contract Time is a reasonable period for performing the Work.

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)

8.1.2 *Computation of Time:* In computing any period of time prescribed or allowed by the Document 00700-General Conditions, the day of the act, event, or default after which designated period of time begins to run is not to be included. The last day of the period so computed is to be included, unless it is a Sunday or Legal Holiday, in which event the period runs until end of the next day that is not a Sunday or Legal Holiday. Sundays and Legal Holidays are considered to be days and are to be included in all other time computations relative to Contract Time.

8.1.2.1 Design Build Contractor shall provide Director an accounting of inclement weather delay days within thirty (30) days of their occurrences.

8.1.2.2 Director may grant an extension of Contract Time due to inclement weather where the Design Build Contractor establishes an actual delay impacting the critical path of the Construction Schedule and otherwise complies with the requirements of Article 8 when the inclement weather is the sole cause of the delay.

8.1.3 Design Build Contractor may not commence the Work prior to the effective date of insurance and Bonds required by Article 11.

8.1.4 Design Build Contractor shall proceed expeditiously and without interruption, with adequate forces, and shall achieve Date of Substantial Completion within the Contract Time without additional cost to the City.

8.1.5 Should progress of the Work fall behind construction schedule, except for reasons stated in Paragraph 8.2.1, Design Build Contractor shall promptly submit at the request of Project Manager, updated construction schedule to Director for approval. Design Build Contractor's failure to submit updated schedule may, at Director's discretion, constitute a material breach of the Contract. Design Build Contractor shall take action necessary to restore progress by working the hours, including night shifts and lawful overtime operations as necessary, to achieve Date of Substantial Completion within the Contract Time without additional cost to the City.

8.1.6 Design Build Contractor must have an approved work-hours plan prior to commencing work on the Project site. Changes to the approved work-hours plan shall require 48-hour written notice and subsequent written approval by the Director.

8.2 DELAYS AND EXTENSIONS OF TIME

8.2.1 Design Build Contractor may request extension of Contract Time for a delay in performance of work that arises from causes beyond Design Build Contractor's control and without fault or negligence of Design Build Contractor. Examples of these causes are:

8.2.1.1 acts of God or of the public enemy,

8.2.1.2 acts of government in its sovereign capacity, except for acts of the City

8.2.1.3 fires,

8.2.1.4 floods,

8.2.1.5 epidemics,

8.2.1.6 quarantine restrictions,

8.2.1.7 strikes,

8.2.1.8 freight embargoes,

8.2.1.9 unusually severe weather (subject to Paragraph 8.1.2.2); and

8.2.1.10 discovery of Pollutants or Pollutant Facilities at the site.

8.2.2 For any reason other than those listed in Paragraph 4.3.6.1, if the Design Build Contractor's work is delayed in any manner or respect, the Design Build Contractor shall have no claim for damages and shall have no right of additional compensation from the City by reason of any delay or increased expense to the Design Build Contractor's work, except for an extension of time as provided in this provision.

8.2.3 Design Build Contractor may request and may be entitled to an extension of Contract Time for delay only if:

8.2.3.1 delay is not caused by failure of Design Build Contractor or any of its Subcontractors or Suppliers to perform (or cause to be performed) or make progress for a cause not within its control; and

8.2.3.2 cause of the delay was not reasonably anticipated and is beyond control of Design Build Contractor; and

8.2.3.3 the delay has been mitigated by all reasonably available efforts; and

8.2.3.4 Design Build Contractor can fully document and prove the impact of the event on Design Build Contractor's critical path of planned Work in the Project Schedule.

8.2.4 Claims relating to Contract Time must be made in accordance with Section 4.3.7.

8.2.5 Claims for extending or shortening Contract Time are based on written notice promptly delivered by Design Build Contractor to Director. A Claim must accurately describe occurrence generating the Claim, and a statement of probable effect on progress of the Work.

8.2.6 Claims for extension of Contract Time are considered only when a Claim is filed within the time limits stated in Paragraph 4.3.3.

8.2.6.1. Notwithstanding Paragraph 4.3.3, an extension of time for delays under this paragraph may be granted only upon prompt written application by the Design Build Contractor, not to exceed within five (5) days from the claimed delay.

8.2.7 Written notice of a Claim must be accompanied by claimant's written statement that adjustment claimed is entire adjustment to which claimant is entitled as a result of the occurrence of the event. When the Parties cannot agree, Claims for adjustment in Contract Time are determined by Director in accordance with Paragraph 4.4.

8.2.8 Adjustments to Contract Time shall be accomplished only by Change Order.

ARTICLE 9 - PAYMENTS AND COMPLETION

9.1 APPLICATION FOR PAYMENT

9.1.1 Ten (10) days before submittal of the first Application for Payment for a Construction Phase of Work, Design Build Contractor shall submit to Director a Schedule of Values accurately allocating the Guaranteed Maximum Price for such Construction Phase to the various portions of the Work for such Construction Phase, prepared in the form and supported by the data as Director may require to substantiate its accuracy. The Schedule of Values shall contain, at a minimum, separate line items for the close out of the Work for such Construction Phase, the delivery of record "as-built" drawings, delivery of operation and maintenance manuals, delivery of warranty documents, and final cleanup. The Schedule of Values shall be balanced and not contain any "front end loading." The Schedule of Values, as approved by Director, shall be used as a basis for approval of Design Build Contractor's Applications for Payment. In addition, Design Build Contractor shall submit the process and basis for calculating the earned value measurement for each schedule of value, including quantities and rules of credit, as applicable. At the direction of the Project Manager, the Schedule of Values shall be grouped along the lines of specific equipment, asset or deliverable produced as a result of the work performed. In addition to the required hard copies of the Application for Payment and supporting documentation, Design Build Contractor shall, as directed by the Project Manager, submit Applications for Payment electronically into the HAS's project management system including electronic uploading of supporting documentation. Access to the project management system and required training will be coordinated through the Project Manager.

9.1.2 Design Build Contractor shall submit Applications for Payment to Director each month on a form acceptable to Director in accordance with Schedule of Values. Each Application for Payment shall indicate percentages of completion of each portion of the Work listed in Schedule of Values as of the end of the period covered by the Application for Payment. Each Application for Payment shall include calculations to support the reported percentage complete. The period covered by each Application for Payment shall be one calendar month ending on

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**

the last Friday of the month. The value for any line item in the approved Schedule of Values shall not be modified without prior written approval of the Project Manager.

9.1.3 Each Schedule of Values submitted with an Application for Payment shall include the originally established value for each Work classification line item or subcontract and shall identify, by the addition of new data rows immediately below the previously accepted data rows, any revisions to the costs or cost estimates for each Work classification or subcontract. The format and tracking method of the original Schedule of Values and of all updates shall be subject to approval by Director. At all times, the estimated cost of performing the uncompleted and unpaid portion of the Work, including Design Build Contractor's Fee, shall not exceed the unpaid balance of the Guaranteed Maximum Price, less retainage on Work previously completed.

9.1.4 If previously unpaid, the Pre-Construction Services costs shall be identified separately in each Application for Payment.

9.1.5 Design Build Contractor shall deliver to Director three (3) copies of each itemized Application for Payment in such detail as is required by Director. Applications for Payment must be supported by such substantiating data as Director may require and shall reflect retainages as provided in the Contract Documents. The Application for Payment must be sworn to and notarized. In addition to the required hard copies of the Application for Payment and supporting documentation, Design Build Contractor shall, as directed by the Project Manager, submit Applications for Payment electronically into the City's web-based collaboration tool, including electronic uploading of supporting documentation. Submit electronic version in Microsoft Excel native format of preliminary Schedule of Values within twenty-one (21) days of Notice to Proceed for Preconstruction Services. Submit electronic copy with each Application for Payment. Obtain approval before making first application for payment.

9.1.6 Before submitting the next Application for Payment (and with the Application for Final Payment), Design Build Contractor shall submit any evidence required by Director to

verify the Cost of the Work and to demonstrate that the cash disbursements already made by Design Build Contractor on account of the Cost of the Work are equal to or exceed (1) progress payments already received by Design Build Contractor; less (2) that portion of those payments attributable to Design Build Contractor's Fee; plus (3) payrolls for the period covered by the most recent Application for Payment; less (4) retainage provided for in the Contract Documents applicable to prior progress payments. This documentation of the most recent Application for Payment, if required by Director, shall have a summary sheet (in two (2) copies) that descriptively itemizes all expenses and individuals. No payment is required to be made for Work for which Design Build Contractor fails to provide required documentation.

9.1.7 Each Application for Payment shall be based upon the Cost of the Work and the most recent Schedule of Values submitted by Design Build Contractor in accordance with the Contract Documents and accepted by Director.

9.1.8 Applications for Payment shall show the Cost of the Work actually incurred by Design Build Contractor through the end of the period covered by the Application for Payment and for which Design Build Contractor has made or intends to make actual payment prior to the next Application for Payment and the percentage completion of each portion of the Work as of the end of the period covered by the Application for Payment. The percentage completion shall be the lesser of (1) the percentage of that portion of the Work that has actually been completed or (2) the percentage obtained by dividing (a) the Cost of the Work that has actually been incurred by Design Build Contractor on account of that portion of the Work for which Design Build Contractor has made or intends to make actual payment prior to the next Application for Payment by (b) the share of the Guaranteed Maximum Price allocated to that portion of the Work in the Schedule of Values.

9.1.8.1 The Director, at his sole discretion, may authorize payment of stored materials up to a value of eighty five percent (85%), subject to applicable retainage, of the actual invoice amount properly substantiated by certified copies of invoices and freight bills of non-

perishable material and equipment delivered and properly stored. Design Build Contractor must obtain approval from Director for authorization to bill for stored materials in advance of the request for payment. Properly stored materials shall be only materials suitably stored at the Project site unless otherwise agreed to by the Director in writing.

9.1.9 Each Application for Payment, including the Application for Final Payment shall constitute a certification by Design Build Contractor to City that the Work has progressed to the point indicated and the Work represented has actually been performed; the quality of the Work covered in the Application for Payment is in accordance with the Contract Documents; Design Build Contractor is entitled to payment in the amount requested; Design Build Contractor remains capable of performing the Contract to completion; and Design Build Contractor is current in payment with Subcontractors and Suppliers.

9.1.10 Design Build Contractor shall promptly and in all events before interest charges accrue to the Subcontractor pay each of its Subcontractors, upon receipt of payment from City, out of the amount paid to Design Build Contractor on account of such Subcontractor's work, the amount to which such Subcontractor is entitled in accordance with the terms of Design Build Contractor's Subcontract with such Subcontractor. Design Build Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to its sub-subcontractors in similar manner. City shall have no obligation to pay or to be responsible in any way for payment to any Subcontractor or Supplier.

9.1.11 With each Application for Payment, Design Build Contractor shall submit a certified "waiver and release." The waiver and release shall state: "In consideration for the payment received, Design Build Contractor waives all claims of every sort against City arising out of the Work performed through the effective date of the Application for Payment, except for retainage and such claims as have been properly submitted in accordance with the provisions of

the Contract Documents or claims that can be made timely within the requirements of the Contract Documents."

9.1.12 Retainage shall be five percent (5%) of the Cost of the Work and the Design Build Contractor's Fee for each Phase of the Work. There shall be no retainage on the Design Build Contractor's building permit cost, bond and insurance cost. Otherwise, the City shall be entitled to withhold retainage from all Applications for Payment by Design Build Contractor. Retainage is not held by City for the benefit of any others and shall be deemed amounts not yet earned by or owed to Design Build Contractor.

9.1.13 In addition to other rights under the Contract Documents and Applicable Law, Director, in its discretion, may retain amounts owing to Design Build Contractor as City deems appropriate to protect City's interest. Design Build Contractor shall not receive payments from City for any amounts Design Build Contractor retains from its Subcontractors, and Design Build Contractor shall immediately return to City any amounts paid to Design Build Contractor on behalf of any Subcontractor or Supplier or other which Design Build Contractor does not pass on as payment before the next Application for Payment. In the event City withholds all or any portion of the Design Build Contractor's payments under this paragraph or under 9.4 hereof, City shall provide specific written accounting for same and shall allocate specific amounts for each reason justifying withholding. Such explanation shall be provided at the time payments would otherwise be due and sums withheld shall be paid when each such reason for withholding same has been cured to the reasonable satisfaction of the City.

9.1.14 Materials and services utilized in the construction of the Project may be exempted from state and local taxes. Design Build Contractor is responsible for taking full advantage of all tax exemptions applicable to the Project. City will deduct from the Applications for Payment and from the Request for Final Payment any taxes paid for materials or services that were entitled to tax exemption.

9.1.15 The Design Build Contractor is subject to the assessment of liquidated damages as provided in the Contract Documents.

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)

Amounts assessed as liquidated damages, and other amounts to which City is entitled by way of setoff or recovery, may be deducted from any monies otherwise due Design Build Contractor.

9.1.16 Design Build Contractor's records shall be kept on the basis of generally accepted accounting principles in accordance with cost accounting standards issued by the Federal Office of Management and Budget Cost Accounting Standards Board consistently applied and organized by each Application for Payment period.

9.1.17 Applications for Payment must be supported by substantiating back-up data as required by the Director and must reflect retainages as required herein. Evidence satisfactory to the Director of payments made to Subcontractors and Suppliers for the month preceding the month for which the Application for Payment is submitted must accompany each Application for Payment on a form approved by the Director of the Office of Business Opportunity. The Application must be sworn and notarized.

9.2 CERTIFICATES FOR PAYMENT

9.2.1 Prior to issuing each Application for Payment under Paragraph 9.1, Design Build Contractor shall submit a "Draft" Application for Payment that is valid and has all required documentation no later than the 25th of the same month with Work projected through the end of the month. Within five (5) days of receipt of the Draft, the Director shall review the Draft and provide the Design Build Contractor with any adjustments to the progress of the Work or amount requested, within reason. The Design Build Contractor shall make agreed to corrections to the Draft and submit to the City a "Final" Application for Payment that is valid and has all required documentation within five (5) days from receipt of the Director's adjustments. Upon receipt of the Final Application for Payment, the City shall make payment to the Design Build Contractor not later than thirty (30) days from receipt. If, and in the event, the Director holds all or part of a Final Application for Payment for one or more reasons, the Director will issue a written explanation apportioning the amount withheld to each such cause.

9.2.1.1 With its draft Application for Payment, Design Build Contractor shall submit to Director on a form approved by the Director of Mayor's Office of Business Opportunity, evidence satisfactory to the Director of payments made to Subcontractors and Suppliers for the month preceding the month for which the Application for Payment is prepared.

9.2.2 Unless otherwise provided in the Contract Documents, payment for completed Work and for properly stored Products is conditioned upon compliance with procedures satisfactory to and agreed to by Director to protect City's interests. Procedures will include applicable insurance, storage, and transportation to the site (with suitable on site storage and protection) for Products stored off site and proper documentation for such delivered Products, including certified copies of invoices and freight bills. Design Build Contractor is responsible for maintaining materials and equipment until the Date of Substantial Completion.

9.2.3 Design Build Contractor shall document its use of Low Sulfur Diesel Fuel by providing invoices and receipts evidencing Design Build Contractor's use.

9.3 COMPUTATIONS OF CERTIFICATES FOR PAYMENT

9.3.1 Subject to the provisions of the Contract Documents, the amount of each Certificate for Payment is calculated as follows:

9.3.1.1 Take that portion of the Guaranteed Maximum Price for a Construction Phase properly allocated to completed Work for such Construction Phase based upon the percentage completion of each portion of the Work as set forth above. Pending final determination of cost to City of changes in the Work, amounts not in dispute may be included after increases and decreases have been netted out against each other, even though the Guaranteed Maximum Price has not yet been adjusted by Change Order.

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)

- 9.3.1.2 Add the Design Build Contractor's Fee.
- 9.3.1.3 Subtract the amount of retainage and such other amounts as City is entitled to withhold.
- 9.3.1.4 Subtract the aggregate of the previous payments made by City.
- 9.3.1.5 Subtract the shortfall, if any, indicated by Design Build Contractor in the documentation required to substantiate prior Applications for Payment or Design Build Contractor's payment of Costs of the Work covered by pervious payments, or resulting from errors subsequently discovered by Director in such documentation.
- 9.3.1.6 Subtract amounts, if any, for which City has withheld or nullified an Application for Payment.

9.4 DECISIONS TO WITHHOLD CERTIFICATION

9.4.1 Director may decline to issue a Certificate for Payment and may withhold payment in whole or in part to the extent reasonably necessary to protect City if, in Director's opinion, there is reason to believe that:

- 9.4.1.1 nonconforming work has not been remedied;
- 9.4.1.2 the Work cannot be completed for unpaid balance of the Guaranteed Maximum Price;
- 9.4.1.3 there is damage to City or another Contractor;
- 9.4.1.4 Design Build Contractor has persistently failed to complete the Work in accordance with the Project Schedule or the Work will not be completed within Contract Time and that unpaid balance will not be adequate to cover actual and liquidated damages;

- 9.4.1.5 evidence that third party claims will probably be filed in court, in arbitration, or otherwise;
- 9.4.1.6 Design Build Contractor has failed to make payments to Subcontractors or Suppliers or other third parties related to the Work;
- 9.4.1.7 Design Build Contractor has failed to carry out the Work in accordance with the Contract Documents;
- 9.4.1.8 The payment request has insufficient documentation to support the amount of payment requested;
- 9.4.1.9 Design Build Contractor fails to obtain, maintain or renew insurance coverage as required by the Contract Documents;
- 9.4.1.10 Design Build Contractor is in breach or default under the Contract Documents or any loss or damage may result from negligence by Design Build Contractor or any Subcontractor or failure of Design Build Contractor or any Subcontractor to perform their obligations under the Contract Documents.
- 9.4.1.11 Design Build Contractor has not paid Subcontractors or Suppliers because of a payment dispute;
- 9.4.1.12 Design Build Contractor has failed to provide satisfactory evidence described in Paragraphs 9.1.16, 9.2.1.1; or
- 9.4.1.13 A determination that any amounts previously paid were the proper subject of a withholding hereunder.

9.4.2 When the above reasons for withholding a Certificate for Payment are removed, certification will be made for amounts previously withheld.

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)

9.4.3 Director may decline to issue a Certificate for Payment and may withhold request for payment in whole or in part upon failure of Design Build Contractor to submit initial construction schedule or monthly schedule updates, as required in Paragraph 3.15 or elsewhere in the Contract Documents.

9.4.4 City shall at any time during regular business hours have the right to inspect and copy the books and records (however kept) of Design Build Contractor for verification of Work done, costs, bids, estimates, markups, payments due, amounts claimed, obligations owed Subcontractors or Suppliers, or any other aspect of Design Build Contractor's obligations as they relate to the Project. At Director's request, Design Build Contractor, shall promptly provide evidence satisfactory to City of Design Build Contractor's compliance with the Contract Documents. Design Build Contractor shall require its Subcontractors and Suppliers to comply with this Paragraph, and similarly require their sub-subcontractors and Suppliers of any tier, to comply with this Paragraph.

9.5. **[OMITTED]**

9.6. **[OMITTED]**

9.7. **[OMITTED]**

9.8 **PROGRESS PAYMENTS**

9.8.1 The City will make payment, in an amount certified by Director, within thirty (30) days after Director has issued a Certificate for Payment.

9.8.2 City has no obligation to pay or to facilitate the payment to a Subcontractor or a Supplier except as may otherwise be required by law. Design Build Contractor shall comply with the prompt payment requirements of Chapter 2251 of the Government Code. However, Design Build Contractor shall pay Subcontractors and Suppliers within seven (7) calendar days of Design Build Contractor's receipt of payment from the City unless there is a payment dispute between Design Build Contractor and a Subcontractor or Supplier evidenced on a form approved by the Director of the Office of Business Opportunity and submitted to the Director each month with its Application for Payment or Estimate for Payment. **DESIGN BUILD CONTRACTOR SHALL DEFEND AND**

INDEMNIFY THE CITY FROM ANY CLAIMS OR LIABILITY ARISING OUT OF DESIGN BUILD CONTRACTOR'S FAILURE TO MAKE THESE PAYMENTS.

9.8.2.1 The City may, upon request and at the discretion of Director, furnish to Subcontractor information regarding percentages of completion or the amounts applied for by Design Build Contractor, and action taken thereon by the City because of Work done by the Subcontractor.

9.8.2.2 Design Build Contractor shall prepare and submit to Director a Certification of Payment to Subcontractors, Suppliers, persons and entities form to be attached to each monthly Application for Payment.

9.8.3 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Work by City, does not constitute acceptance of work that is not in accordance with the Contract.

9.9 **DATE OF SUBSTANTIAL COMPLETION**

9.9.1 The Date of Substantial Completion of the Work is the date the City determines construction is sufficiently complete, in accordance with the Contract Documents, so the City may occupy or use the Work, or designated portion thereof, for its intended purpose, without restriction. Substantial Completion date(s), if any, are specified elsewhere in the Contract documents.

9.9.1.1 When Design Build Contractor considers the Work, or a portion thereof designated by Director, to be substantially complete, Design Build Contractor shall prepare and submit to Project Manager a comprehensive Punch List of items to be completed or corrected. Failure to include an item on the Punch List does not alter the responsibility of Design Build Contractor to comply with the Contract Documents.

9.9.1.2 By submitting the Punch List to Director, Design Build Contractor represents that work on the Punch

List will be completed within the time provided for in Subparagraph 9.9.4.3.

9.9.2 Upon receipt of Design Build Contractor's Punch List, Project Manager will inspect the Work, or designated portion thereof, to verify that the Punch List contains all items needing completion or correction. If Project Manager's inspection discloses items not on Design Build Contractor's Punch List, the items must be added to the Punch List of items to be completed or corrected. If Project Manger's inspection reveals that Design Build Contractor is not yet substantially complete, Design Build Contractor shall complete or correct the deficiencies and request another inspection by Project Manager. City may recover the costs of re-inspection from Design Build Contractor. Project Manager will use reasonable efforts to inspect the Construction Phase within a reasonable time following receipt of Design Build Contractor's Punch List, and if Director disagrees that Substantial Completion has been achieved, Director will provide written notice as to what remains before Substantial Completion is achieved (but Director shall not be prohibited from identifying other deficiencies later).

9.9.3 Prior to Director's issuing a Certificate of Substantial Completion for the Work or other portion of the Work designated by Director, Design Build Contractor shall also provide:

9.9.3.1 Certificate of Occupancy (a temporary Certificate of Occupancy is acceptable provided Design Build Contractor promptly and diligently proceeds to obtain a permanent Certificate of Occupancy without conditions) for new construction, or Certificate of Compliance for remodeled work, as applicable; and

9.9.3.2 compliance with Texas Accessibility Standards through state inspection of the Work, if required. If Design Build Contractor calls for inspection in a timely manner and the inspection is delayed through no fault of the Design Build Contractor, and Director so confirms, Director may,

upon request by Design Build Contractor, add the inspection to the Punch List in Paragraph 9.9.2 and issue a Certificate of Substantial Completion.

9.9.4 When the Work, or designated portion thereof, is determined by Director to be sufficiently complete in accordance with the Contract Documents so the City can occupy or utilize the Work, or designated portion thereof, for the purpose for which it is intended, and all other conditions and requirements are satisfied, Director will prepare a Certificate of Substantial Completion that incorporates the Punch List in Paragraph 9.9.2 and establishes:

9.9.4.1 Date of Substantial Completion;

9.9.4.2 responsibilities of the Parties for security, maintenance, heating, ventilating and air conditioning, utilities, damage to the Work, and insurance; and

9.9.4.3 fixed time within which Design Build Contractor shall complete all items on Punch List to be corrected or completed accompanying the certificate.

9.9.5 After the Date of Substantial Completion of a Construction Phase and upon application by Design Build Contractor and approval by Director, City may make payment, reflecting adjustment in retainage, if any, as follows: with the consent of Surety, the City, in the sole discretion of the Director, may increase payment to Design Build Contractor up to ninety-seven and one-half percent (97.5%) of the Guaranteed Maximum Price, less the value of items to be completed and accrued liquidated damages. In addition, before Substantial Completion, with the consent of Surety and in the sole discretion of the Director, the City may release retainage attributable to early performing Subcontractors or small businesses, to the extent and provided the Design Build Contractor submits proof such sums have been actually paid to such Subcontractors and small businesses.

9.9.6 Design Build Contractor shall complete or correct the items in the Punch List in Paragraph 9.9.2 within the time period set out in

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**

the Certificate of Substantial Completion. If Design Build Contractor fails to do so, the City may issue a Notice of Noncompliance and proceed in accordance with Paragraph 2.5.

9.9.7 Design Build Contractor shall keep the premises free from accumulation of waste materials or rubbish caused by Design Build Contractor's operations. At the completion of the Work, Design Build Contractor shall remove from and about the Project Design Build Contractor's tools, construction equipment, machinery, surplus materials, waste materials and rubbish.

9.9.8 Immediately prior to the review of a portion of the Work for Substantial Completion, Design Build Contractor shall remove all waste materials, rubbish, Design Build Contractor's tools, construction equipment, machinery and surplus materials from the area to be inspected. Design Build Contractor shall also remove all protective coatings, temporary work, barriers and other protective devices.

9.9.8.1 Finished spaces that are to be inspected shall be cleaned as required to remove all stains, dirt and dust. Glass shall be cleaned on both faces, and carpet shall be vacuumed.

9.9.8.2 Unfinished spaces such as mechanical and electrical equipment rooms that are to be inspected shall be "broom clean."

9.9.8.3 Mechanical work such as duct work, unit heaters, finned tube radiation and its covers, air conditioning units, grilles and registers shall be cleaned as required to remove all stains, dirt and dust.

9.9.8.4 Electrical work shall be cleaned as necessary to remove all stains, dirt and dust.

9.9.9 Design Build Contractor shall maintain the Work in a clean condition until City determines the Date of Substantial Completion for the Construction Phase. After the Date of Substantial Completion of the Construction Phase, Design Build Contractor is responsible for

removing waste materials, rubbish, dirt and dust caused by its continued operations.

9.9.10 Prior to final acceptance, or prior to City's partial or complete occupancy of a portion of the Work, Design Build Contractor shall do the following: (1) clean all spaces of the Work so that they are ready for City's occupancy without additional cleaning; (2) remove from the Project site all temporary buildings of facilities for that Work unless needed for other portions of the Work; (3) replace filters in air handling equipment according to the Specifications; and (4) replace burned out lamps. This obligation is in addition to and not by way of limitation of Design Build Contractor's obligation to prove the Project complete and ready to use in all respects by the time limits set forth in the Contract Documents.

9.10 PARTIAL OCCUPANCY OR USE

9.10.1 The City may occupy or use any completed or partially completed portion of the Work at any stage, provided the occupancy or use is consented to by Design Build Contractor and Design Build Contractor's insurer and authorized by public authorities having jurisdiction over the Work. Consent of Design Build Contractor to partial occupancy or use may not be unreasonably withheld.

9.10.2 Immediately prior to the partial occupancy or use, Project Manager and Design Build Contractor shall jointly inspect the area to be occupied or portion of the Work to be used to determine and record condition of the Work.

9.10.3 Partial occupancy or use of a portion of the Work does not constitute acceptance of Work not in compliance with requirements of the Contract Documents.

9.11 FINAL COMPLETION AND FINAL PAYMENT

9.11.1 Design Build Contractor shall review the Contract and inspect the Work prior to Design Build Contractor notification to Director that the Work is complete and ready for final inspection. Design Build Contractor shall submit an affidavit that the Work has been inspected and that the Work is complete in accordance with the requirements of the Contract Documents.

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)

9.11.2 Project Manager will make final inspection within fifteen (15) days after receipt of Design Build Contractor's written notice that the Work is ready for final inspection and acceptance. If Project Manager finds the Work has been completed in accordance with the Contract, Design Build Contractor shall submit items set out in Paragraph 9.11.4 and a final Application for Payment. Within thirty (30) days of receipt of the items set out in Paragraph 9.11.4, the Director may perform an audit to determine the accuracy of Design Build Contractor's accounting of the Costs of the Work and the Final Application for Payment. The Director will, within ten (10) days thereafter, either notify the Design Build Contractor that the Design Build Contractor has not achieved Final Completion of the Construction Phase as provided in Paragraph 9.11.3 or issue a Certificate of Final Completion stating that to the best of Director's knowledge, information, and belief, the Work has been completed in accordance with the Contract. If there is only one Construction Phase, Director will recommend acceptance of the Work by City Council. If there is more than one Construction Phase, the Parties shall confer upon the issuance of each Certificate of Final Completion to determine whether it is appropriate to seek City Council acceptance of the Work and release of the remaining retainage held for the particular Construction Phase that is certified as complete. Failing mutual agreement of the Parties to seek City Council acceptance and release of the remaining retainage, City shall continue to hold the remaining retainage for the particular Construction Phase until such time as the Parties mutually agree to seek City Council acceptance and release of the remaining retainage for such Construction Phase.

9.11.3 Should Work be found not in compliance with requirements of the Contract Documents, Director will notify Design Build Contractor in writing of items of noncompliance. Upon inspection and acceptance of the corrections by Project Manager, compliance with all procedures of Paragraph 9.11.2, and Design Build Contractor's submission of the items set out in Paragraph 9.11.4. The Director will issue Certificate of Final Completion to Design Build Contractor's as provided in Paragraph 9.11.2.

9.11.4 Design Build Contractor shall submit the following items to Director before Director will issue a Certificate of Final Completion:

9.11.4.1 affidavit that payrolls, invoices for materials and equipment, and other indebtedness of Design Build Contractor connected with the Phase of the Work, less amounts withheld by the City, have been paid or otherwise satisfied. If required by Director, Design Build Contractor shall submit further proof including waiver or release of lien or claims from Subcontractors or Suppliers of Products, (which may be conditioned upon City making payment to Design Build Contractor);

9.11.4.2 certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect, will not be canceled or materially changed until at least thirty (30) days written notice has been given to the City;

9.11.4.3 written statement that Design Build Contractor knows of no substantial reason that insurance will not be renewable to cover the Correction Period required by the Contract Documents;

9.11.4.4 consent of Surety to final payment;

9.11.4.5 copies of record documents, maintenance manuals, tests, inspections, and approvals and deliver the required record documents that describe changes or deviations from the Contract Documents, which occurred during construction and that reflect the actual "as-built" conditions of the completed Work; and

9.11.4.6 compliance with Texas Accessibility Standards through state inspection of the Work, if required.

9.11.5 Upon Director's issuance of a Certificate of Final Completion, Design Build Contractor may request an increase in payment to ninety-nine percent (99%) of all amounts

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**

earned and payable under this Contract, less accrued liquidated damages.

9.11.6 If Design Build Contractor fails to submit required items in Paragraph 9.11.4 within ten (10) days of Project Manager's inspection of the Work under Paragraph 9.11.2 or Paragraph 9.11.3, Director may, but is not obligated to:

9.11.6.1 deduct liquidated damages accrued from monies held;

9.11.6.2 proceed to City Council for acceptance of the Work, minus some or all of the items Design Build Contractor fails to submit under Paragraph 9.11.4; and,

9.11.6.3 upon acceptance by City Council of the portion of the Work completed, either make final payment as set out in Paragraph 9.11.8 or request that City Attorney interplead the balance due to Design Build Contractor under the Contract into the registry of a court of appropriate jurisdiction.

9.11.7 If final completion is materially delayed through no fault of Design Build Contractor, or by issuance of Change Orders affecting Date of Final Completion, and Director so confirms, City may, upon application by Design Build Contractor and certification by Director, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed and accepted.

9.11.8 If remaining balance due for work not corrected is less than retainage stipulated in the Contract, Design Build Contractor shall submit to Director written consent of Surety to payment of balance due for that portion of the Work fully completed and accepted, prior to certification of the payment. The payment is made under terms governing final payment, except that it does not constitute waiver of Claims.

9.11.9 The City will make final payment to Design Build Contractor within thirty (30) days after acceptance of the Work by City Council, subject to limitations, if any, as stated in the Contract Documents. City is entitled to deduct

from any payment any amounts owed by Design Build Contractor to City, including accrued liquidated damages.

9.11.10 Acceptance of final payment by Design Build Contractor shall constitute a waiver of all Claims, whether known or unknown, by Design Build Contractor, except those previously made in writing and identified by Design Build Contractor as unsettled at time of final Application for Payment.

9.11.11 Warranties required by the Contract shall commence on the Date of Final Completion unless otherwise provided by Director in Certificate of Substantial Completion. Warranties shall not commence on items not yet completed as of the date of Substantial Completion, until such items are actually completed and accepted.

9.12 LIQUIDATED DAMAGES

9.12.1 Liquidated damages for late completion of the Work shall be assessed as set forth in the Contract.

9.12.2 Design Build Contractor shall pay the City an amount equal to \$1,200.00 per diesel operating vehicle or piece of motorized equipment per incident of high sulfur diesel fuel usage.

9.13 DESIGN BUILD CONTRACTOR'S CLEAN AIR INCENTIVE

9.13.1 SPECIAL PROVISION: INCENTIVE FOR USING NONROAD DIESEL EQUIPMENT POWERED BY DIESEL ENGINES THAT MEET EPA TIER 1, 2, 3 STANDARDS, OR A TCEQ-APPROVED RETROFIT EQUIVALENT, IN HOUSTON NONATTAINMENT AREA.

9.13.1.2 PURPOSE, SCOPE AND DURATION. This special provision establishes the conditions for the incentive offered to persons performing construction under a City of Houston contract who use non-road equipment powered by diesel (compression-ignition) engines rated at 50 horsepower or above that meet certain exhaust emission standards. Incentive payments shall only be made for non-road equipment that is required and used on the Project Site, as more fully described below. This special provision is

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)

intended to assist the Houston-Galveston-Brazoria region to attain compliance with the State Implementation Plan mandated under the Clean Air Act, 42 U.S.C. § 7401 et seq.

9.13.1.3 ELIGIBLE EQUIPMENT.

9.13.1.3.1 For purposes of this special provision, "Non-road Diesel Equipment" means equipment: (a) whose primary design is for operation in non-highway environments and as such, is not titled or licensed by the state of Texas for use on state roadways. (e.g., construction equipment); and (b) that is powered by or that utilizes one or more non-road diesel-fueled compression-ignition engines that meet the emission standards for oxides of nitrogen (NOx) or non-methane hydrocarbon (NMHC) + NOx set forth at 40 CFR § 89.112(a) ("Tier 1, 2 or 3 standards") non-road engines. Each non-road engine on each piece of Non-road Diesel Equipment must meet the Tier 1, 2 or 3 emission standards to qualify for an incentive payment.

9.13.1.3.2 Each engine must be verified by the EPA or California Air Resources Board (CARB) or otherwise accepted by the Texas Commission on Environmental Quality (TCEQ) as meeting the EPA Tier 1, 2 or 3 emission standards, and must be rated as 50 horsepower or above. The engine must be new, rebuilt or remanufactured. A rebuilt or remanufactured engine shall contain only original equipment manufacturer (OEM) components and must have been purchased from the OEM or its authorized dealers/distributors. A rebuilt or remanufactured engine provided by another entity may be accepted, if it has been certified by the TCEQ as meeting the Tier 1, 2 or 3 standards. In addition, retrofitting an existing diesel engine or adding devices to existing non-road diesel engines will make the equipment eligible for the incentive payment if the retrofit or add-on devices result in air emissions that otherwise meet EPA Tier 1, 2, or 3 standards.

9.13.1.4 NONROAD DIESEL EQUIPMENT MUST BE USED ON THE PROJECT SITE. In order to qualify for incentive payments, all Non-road Diesel Equipment must be used in the performance of work on the Project as defined under this Contract or on a Project-specific location that supports only the Project and is within one (1) mile of the Project (hereinafter referred to as "Project Site" for purposes of Paragraph 9.13).

9.13.1.5 DOCUMENTATION

9.13.1.5.1 Design Build Contractor shall furnish, prior to award of the Contract, a list of Non-road Diesel Equipment that Design Build Contractor proposes to qualify under Subsection (2) of this special provision for use in the performance of Project work. The list shall include the following information:

9.13.1.5.1.1 An assigned Design Build Contractor-unique identification number, which shall be prominently placed on the exterior of individual pieces of Equipment;

9.13.1.5.1.2 The dates each piece of Equipment is anticipated to arrive and depart the Project Site, and an indication of whether the Equipment will be used in performance of Project work;

9.13.1.5.1.3 For each piece of Equipment: the make, description, model number, identification number, and model year;

9.13.1.5.1.4 For each engine: the make, model, identification number, model year, horsepower rating, test group (family code); and

9.13.1.5.1.5 Certification by EPA, CARB or TCEQ, and the Tier 1, 2 or 3 emission standards claimed.

9.13.1.5.2 Design Build Contractor shall also submit to the Project Manager a report with its monthly request or estimate for payment that identifies what Nonroad Diesel Equipment was used on the Project during that month. The monthly reports shall include, but not be limited to, the equipment and engine identification number, how often the equipment was used required on the Project Site; and such other documentation as the Project Manager may require. The Project Manager may also require that reports and other documentation be submitted in an electronic format acceptable to the Project Manager.

**CITY OF HOUSTON - CONDITIONS OF THE CONTRACT
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)**

9.13.1.5.3 Design Build Contractor shall provide to the Project Manager, upon request, copies of any or all equipment or engine certifications that are the basis for a request for payment. Design Build Contractor shall provide the requested copies within fifteen (15) business days after receipt of the request.

9.13.1.5.4 Failure of Design Build Contractor to submit a report or other documentation as required in this Paragraph 9.13.1.5.4 shall waive the Design Build Contractor's right to receive any incentive payment under this special provision for the period in question. The City of Houston may inspect each item of Nonroad Diesel Equipment used by the Contractor on the Project to insure compliance with the terms of this special provision, and to confirm Contractor's reports. If the Project Manager reasonably believes that Design Build Contractor has provided inaccurate or false information, the City at Project Manager's sole option, may revoke Contractor's qualification for the incentive payment, may terminate incentive payments, may adjust incentive payments, and take such other action as s/he deems appropriate.

9.13.1.6 INCENTIVE PAYMENT

9.13.1.6.1 The City shall pay Design Build Contractor an incentive at the following rates for Design Build Contractor's compliance with the terms of this special provision. Except as otherwise provided, the payment rates shall be calculated by multiplying the units of horsepower that each engine is rated to produce, by the payment rate, which shall increase according to the emission standard as indicated below.

EPA Tier Or Equivalent	Incentive Payment Rate per Engine Horsepower Rating
1	\$0.50
2	\$0.75
3	\$1.00

9.13.1.6.2 The Project Manager shall review

the requests for payment to confirm that the Nonroad Diesel Equipment is eligible and was required to support the Project work. The Project Manager shall adjust any request for payment for an incentive for use of Nonroad Diesel Equipment as provided in Paragraph 9.13.2.5.3. The Project Manager may reject any request for an incentive payment if the Project Manager deems the Equipment is ineligible. Design Build Contractor may protest in writing any adjustment within 30 calendar days of receipt of the adjusted incentive payment. Design Build Contractor shall be deemed to have accepted the adjusted incentive payment if no protest is received by the Project Manager within the 30-day period.

9.13.1.6.3 The Project Manager shall adjust the calculation of any incentive payment for any Nonroad Diesel Equipment that was on the Project Site for less than thirty (30) calendar days. For example, adjustments shall be made for eligible equipment that arrives or was not used on the Project Site until after the 1st day of a month or leaves or is not used on the Project site before the last day of the month. The incentive payment shall be reduced as follows:

- a. When the total is seven (7) calendar days or less, the incentive payment rate shall be multiplied by 0.10.
- b. When the total is eight (8) calendar days or more but fifteen (15) calendar days or less, the incentive payment rate shall be multiplied by 0.25.
- c. When the total is sixteen (16) calendar days or more but twenty-two (22) calendar days or less, the incentive payment rate shall be multiplied by 0.50.

CITY OF HOUSTON - **CONDITIONS OF THE CONTRACT**
DOCUMENT 00700 - GENERAL CONDITIONS (DESIGN BUILD)

- d. When the total is twenty-three (23) calendar days or more but less than the entire month, the incentive payment rate shall be multiplied by 0.75.

(Example: A 125 h.p. front-end loader, rated at Tier 2, was used for twenty (20) calendar days on a project. The Design Build Contractor incentive would be $(\$0.75 \times 125\text{h.p.} = \$93.75 \times 0.50 \text{ adj. factor for days of use} = \$46.88.)$

9.13.1.6.4 The incentive payments under this special provision shall not exceed \$20,000.

ARTICLE 10 - SAFETY PRECAUTIONS

10.1 SAFETY PROGRAMS

10.1.1 Design Build Contractor is responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with performance of the Contract. 10.2.2 If Director determines that the material is a Pollutant or facility is a Pollutant Facility, work in affected area may not be resumed except by Modification, and only if the work would not violate applicable laws or regulations.

10.2.3 If Director determines that the material is not a Pollutant or a facility is not a Pollutant Facility, work in affected area will be resumed upon issuance of a Modification.

10.2.4 Design Build Contractor may be not required to perform Work relating to Pollutants or Pollutant Facilities, including but not limited to abatement, handling, and disposal of Pollutants as authorized within the GMP or by Change Order. Title to Pollutants shall remain with the City.

10.2.5.1 The Director will select the facility;

10.2.5.2 The City will enter the contract with the facility;

10.2.5.3 The Director will sign the manifests; and

10.2.5.4 The Design Build Contractor will coordinate the transport, but the City will contract with the transporter.

If any hazardous materials are moved to an onsite disposal facility, then the Design Build Contractor will move the hazardous materials to an onsite location as designated by the Director.

10.3 SAFETY OF THE ENVIRONMENT, PERSONS, AND PROPERTY

10.3.1 Design Build Contractor shall take reasonable precautions for safety and shall provide reasonable protection to prevent damage, injury, or loss from all causes, to:

10.3.1.1 employees performing work on-site, and other persons who may be affected thereby;

10.3.2.2 Design Build Contractor shall comply with all safety rules and regulations of the Federal Occupational Health and Safety Act of 1970 and subsequent amendments (OSHA).

10.3.3 Design Build Contractor shall erect and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection of persons and property, including posting danger signs and other warnings against hazards, promulgating safety regulations, and notifying owners and users of adjacent sites and utilities.

10.3.4 Design Build Contractor shall designate a responsible member of Design Build Contractor's organization at site whose duty is prevention of accidents. This person will be Design Build Contractor's Superintendent unless otherwise designated by Design Build Contractor in writing to Director.

10.3.5 Design Build Contractor shall prevent windblown dust and shall not burn or bury trash debris or waste products on-site or use sewers for disposal of trash or debris. Design Build Contractor shall prevent environmental pollution, including but not limited to particulates, gases and noise, as a result of the Work.

10.3.7 Design Build Contractor shall promptly remedy damage and loss to property referred to in Subparagraphs 10.3.1.2 and 10.3.1.3, caused in whole or in part by Design Build Contractor, or Subcontractors, which is not covered by insurance required by the Contract.

Design Build Contractor is not required to remedy damage or loss attributable to the City, or other contractors.

10.4 EMERGENCIES

10.4.1 In emergencies affecting safety of persons or property, Design Build Contractor shall act at Design Build Contractor's discretion to prevent imminent damage, injury, or loss. Additional compensation or extension of time claimed by Design Build Contractor because of emergencies are determined as provided in Article 7.

ARTICLE 11 - INSURANCE AND BONDS

11.2.2 *Form of Policies:* Insurance may be in one or more policies of insurance, form of which is subject to approval by Director. Each policy, except those for Workers' Compensation and professional liability, must name the City, its officers, agents, and employees as Additional Insured parties on original policy and all renewals or replacements during term of the Contract. City's status as additional insured under Design Build Contractor's insurance does not extend to instances of sole negligence of City unmixed with any fault of Design Build Contractor.

The City retains the right to recover damages from the Design Build Contractor as long as may be permitted by the applicable statute of limitations and repose.

12.2.5 If Design Build Contractor does not proceed with correction of the nonconforming work within the reasonable time fixed by Notice of Noncompliance, the City may correct nonconforming work or remove nonconforming work and store salvageable Products at Design Build Contractor's expense. 14.1.5 If the unpaid balance of the GMP exceeds the costs of finishing the Work, including liquidated damages and other amounts due under the Contract, the balance will be paid to Design Build Contractor. If the costs of finishing the Work exceed the unpaid balance, Design Build Contractor shall, within ten (10) days of receipt of written notice setting out the amount of the excess costs, pay the difference to the City. The amount to be paid to Design Build Contractor or City will be certified by Director in writing, and this obligation for payment shall survive termination of the Contract or termination of Design Build Contractor's performance under the Contract. Termination of the Design Build Contractor for cause shall not relieve the Surety from its obligation to complete the Project.

14.1.6. An adjudicated improper termination for cause by the City shall be converted to a termination for convenience and the Contractor's entitlement shall be as set forth in Paragraph 14.2.

14.2 TERMINATION BY THE CITY FOR CONVENIENCE

14.3.2 An adjustment will be made in Contract Time equivalent to the time of suspension.

14.3.3 Adjustment will be made to GMP for increases in the Cost of the Work, caused by such suspension, delay, or interruption of the Work plus a proportionate increase in the Design Build Contractor's Fee in accordance with Paragraph 7.3. No adjustment shall be made to the extent that:

14.3.3.1 performance was, or would have been, suspended, delayed, or interrupted by another cause for which Design Build Contractor is responsible; or

14.3.3.2 adjustment is made or denied under another provision of the Contract.

14.4 TERMINATION BY DESIGN BUILD CONTRACTOR

14.4.1 Design Build Contractor may terminate the Contract if the Work is stopped for a period of thirty (30) days through no act or fault of Design Build Contractor, directly related to one of these events:

No termination will be effective for the above reasons if Design Build Contractor delivers written notice to Director describing the reason for termination, giving the proposed termination date, and granting the City a reasonable opportunity to respond and cure any City default before termination is effective.
