A. Purpose

Authorized by Ordinance 2007-534 and Executive Order 1-7, the purpose of the Pay or Play Program is (1) to create a more level playing field among competing contractors so that those who provide health benefits to their employees are not disadvantaged in the bidding process; and 2) to recognize and account for the fact that there are costs associated with the health care of the uninsured.

B. Program Elements

1. Covered Contracts: Contracts covered by the program are those that are advertised after July 1, 2007, which are valued at or above \$100,000 and are not primarily for the procurement of property, goods, supplies or equipment.

3. Compliance with the program means that the Contractor either:
 - “Pays” by contributing \$1.00 per covered employee per hour for work performed under the Contract with the City; or
 - “Plays” by offering health benefits to covered employees. Health benefits must meet or exceed the following standards:
 - The employer will contribute no less than \$150 per covered employee per month toward the total premium cost.
 - The employee contribution, if any amount, will be no greater than 50% of the total monthly premium cost.
4. Subcontracts: The Prime Contractor is responsible for compliance on behalf of covered employees, including Contract labor, of subcontractors with subcontracts valued at or greater than \$200,000, if the Subcontract is not primarily for the procurement of property, goods, supplies or equipment. Subcontractor compliance includes submission of applicable reports and/or payments to the Prime, as well as maintenance of records.
5. Exemptions/Waivers: The City of Houston will award a Contract to a Contractor that neither Pays nor Plays only if the Contractor has received an approved waiver.
6. Administration: Contractor performance in meeting Pay or Play program requirements will be managed by the contracting department.
