

New ScanX Accessories

ALLPRO Imaging presents convenient and efficient accessories specifically designed for your ScanX system. Our durable carrying options make transporting the ScanX a breeze. And, innovative ScanX Wall Mounts help to save precious space in your practice. We also have the perfect accessory for your ambulatory practice; a laptop holder that attaches directly to the ScanX.

Soft Carry Case

Transport and protect your valuable ScanX investment with our durable, lightweight Soft Carry Case featuring a contemporary, contoured design. Easy to lift and carry with its strong, easy-grip handles and a padded, comfortable shoulder strap. Thick, foam walls ensure extra protection in and out of your vehicle. ScanX can even be operated while sitting in the opened case.

Dimensions: 22"L x 22"W x 20"H

Hard Carry Case

Rugged portability is built into this case. Just remove the top and the ScanX operates while sitting in the lower portion of the case. The outer shell is extremely durable; ABS plastic laminate with 1/4" thick plywood base. Thick, sturdy foam secures the ScanX within the case. Three-inch tilt-wheels and telescoping handle help you get this system to wherever you need to work. Recessed twist latches stay securely locked in place. Add your own key-lock or padlock for additional security. Case meets requirements for air travel.
