PART 1 – GENERAL INFORMATION

1.0 GENERAL INFORMATION

1.1 The City of Houston (City) invites interested firms to submit Statements of Qualifications (SOQ), Technical and Cost Proposals in accordance with Texas Government Code § Chapter 2269, Subchapter H, for Design-Build Services for the IAH Terminal Redevelopment Program (ITRP) Enabling Utilities – Landside Project at George Bush Intercontinental Airport (IAH). This is a Two-Step Procurement Process.

1.2 The City is soliciting qualifications and responses from Design-Build firms, teams, and/or joint ventures for the design and construction of the ITRP Enabling Utilities – Landside Project hereinafter referred to as the “Project”. The Scope of Services to be provided is defined in Attachment A – Scope of Services. The City is seeking a project team approach to design and construct with a focus and commitment to achieving design and construction excellence. The Design Build Contractor’s scope of work for the Project will be performed in two distinct phases under the Design-Build Agreement between the City and Design Build Contractor.

2.0 PROGRAM BACKGROUND

2.1 The Houston Airport System (HAS) has identified a significant need for the development of additional facilities at IAH to handle aircraft, passengers, and cargo departing to, and arriving from, domestic and international destinations on scheduled and chartered flights.

2.2 To support the airlines’ growth plans in Houston, HAS and airlines will complete a major Capital Improvement Program (CIP), known as the ITRP, and hereinafter referred to as the “Program,” that will include constructing a new 11-gate concourse (New Terminal C North currently under construction) undertaken by United Airlines (UA) and reconstructing and integrating the existing Terminal C North and Terminal D into a new single common-use international facility – the Mickey Leland International Terminal (MLIT). The Program will also include several enabling projects such as this Enabling Utilities - Landside Project to serve the newly constructed facilities.

2.3 Vision

2.3.1 Key to this Project’s success is to support the Houston Airport System’s Vision Statement to establish Houston as a five-star global air service gateway where the magic of flight is celebrated.

2.3.2 The Design Build Contractor shall embrace the following HAS core values in completing the design and the construction of this Project.

5.0 PROCUREMENT PROCESS OVERVIEW

5.1 Procurement Approach

5.1.1 This Request for Qualifications (RFQ) represents Step One of the procurement process and establishes the process for soliciting and evaluating Statements of Qualifications (SOQs) from those entities (Respondents) interested in serving as the Design Build Contractor.
5.1.2 The City will conduct a Pre-Submittal Conference for this solicitation. Please refer to the procurement schedule for exact details of time and place. At the conference, the City will present an overview of the Project scope, including the procurement process, schedule, and required forms for the Project. Attendance is highly recommended.

5.1.3 The SOQs will be reviewed and evaluated in accordance with this RFQ to develop a Shortlist of Qualified Respondents deemed as the most qualified to execute the Design-Build Project on behalf of the City. Shortlisted firms will receive an invitation to proceed to Request for Proposal (RFP), **Step Two** of the process.

5.1.4 **Step Two** of the procurement process may also require an oral interview/presentation of the shortlisted firms of which the agenda is later discussed in this Document.

5.1.5 Upon determining the Most Qualified Respondent, at the appropriate time, the City shall commence contract negotiations. If the City is unable to negotiate a satisfactory contract with the Respondent, the City shall formally and in writing, end all negotiations and proceed to negotiate with the next Respondent in the order of the selection ranking until a contract is reached or negotiations with all ranked Respondents end.

5.2 **Contracting Approach**

5.2.1 The City plans to award the Design-Build Contract to the Respondent with the “Best Value” criteria defined herein utilizing the following Design-Build delivery method:

5.2.1.1 The Design-Build firm will perform services for this Project under a Two-Phase delivery method. The two phases consist of:

**Phase 1 – Preconstruction Services:** This phase will commence shortly after award of the Contract upon issuance of a Phase 1 – Preconstruction Notice to Proceed (NTP) by the City in accordance with the accepted COST PROPOSAL for Phase 1 Services. The culmination of Phase 1 will be negotiation of a Guaranteed Maximum Price (GMP) in accordance with the Scope of Work.

**Phase 2 – Construction Services:** The Phase 2 – Construction NTP is constrained by the requirement to establish a Guaranteed Maximum Price (GMP) for the Project at 60% completion of Design. Therefore, Phase 2 will commence only upon issuance of a Phase 2 – Construction NTP by the City and will be completed in accordance with the Scope of Work.

5.2.2 The City reserves the right not to issue a Construction NTP for the Phase 2 portion of the work to the Design-Build firm and to pursue other procurement alternatives should the Design-Build Firm and the City not successfully establish an acceptable GMP at 60% completion of the Design.

5.2.3 If the City pursues such a course of action and does not issue the Phase 2 NTP to the Design-Build firm, terminates the Contract with the Design Build Contractor and the Design Build Contractor receives notice, the contracts between the Design Build Contractor and designer and/or subcontractor shall be assigned to the City with no liability for any outstanding amounts due at the time of the assignment. The City, in its sole discretion, may accept the assignment of all, some, or none of the designer and/or subcontractors. The City will own all work products in electronic and physically formats developed in Phase 1 and 2. All Design
work, drawings, and specifications will become the property of the City and shall be promptly turned over the City.

Failure to make such investigations and examinations shall not relieve the Respondent from obligation to comply, in every detail, with all provisions and requirements of the RFQ.

14.5 Exceptions to Terms and Conditions

14.5.1 All exceptions included with the Submittal shall be submitted in a clearly identified separate section of the Submittal in which the Respondent clearly cites the specific paragraphs within
the RFQ where the Exceptions occur. Any Exceptions not included in such a section shall be without force and effect in any resulting contract unless such Exception is specifically referenced by the Chief Procurement Officer, City Attorney, Director(s) or designee in a written statement. The Respondent’s preprinted or standard terms will not be considered by the City as a part of any resulting contract.

14.5.2 All Exceptions that are contained in the Submittal may negatively affect the City’s Submittal evaluation based on the evaluation criteria as stated in the RFQ, or result in possible rejection of Submittal.

14.5.3 Exceptions to Standard Contract. All short-listed respondents must submit any exceptions to the standard contract by redlining the standard contract electronically in unlocked, fully editable Microsoft Word format (in addition to any other hard copy delivery requirements). Short-listed respondents must include the rationale for taking the exception in the redlined contract (using the Comments feature, as needed) and by summarizing the exception in the attached Contract Exception Chart (Exhibit Q). Such exceptions will be considered when evaluating the short-listed respondent’s response to this RFQ. If a short-listed respondent takes exception to the contract language (more than simply a deletion), it must include its proposed alternative language for the City’s consideration. Redlines and the Contract Exception Chart will be due at the date and time set forth in the notice inviting the short-listed respondents to an interview, which due date will be on or before the date and time of the respondent’s interview.

14.6 Post-Submittal Discussions with Respondent(s)

14.6.1 It is the City’s intent to commence final negotiation with the Respondent(s) deemed most advantageous to the City. The City reserves the right to conduct post-Submittal discussions with any Respondent(s).
