PART I – GENERAL INFORMATION

1. General Information

1.1. The City of Houston (“City”) is currently seeking proposals from qualified Proposers to provide planning services for the development of sidewalk plans for the Gulfton and Kashmere Garden districts.

1.2. In August 2017, Hurricane Harvey deluged Houston with rainfall totals approaching 50 inches throughout the greater Houston area resulting in widespread flooding. The effect of Hurricane Harvey to the City of Houston was significant, causing widespread damage in many areas including the condition of the sidewalks throughout the city.

1.3. Sidewalks are the connective tissue in a typical community and provide a critical travel option for pedestrians within the right-of-way. They also serve as the primary means of access to uses including residences, businesses, retail, and institutions. At the same time sidewalks, and their buffers, take up a significant amount of horizontal space within the right-of-way. This can be explored as a means for providing green infrastructure while contributing to a larger resiliency framework within a community, or the City at large.

1.4. Many sidewalks in the City of Houston are damaged or do not provide the appropriate level of mobility needed by communities, exacerbated during flood events including Hurricane Harvey. In many areas, the sidewalk infrastructure is non-existent, has heavily deteriorated, or presents issues with accessibility. Sidewalk challenges in Houston, include limited right-of-way, conflicts between drainage infrastructure, trees and greenspace, limiting the access between housing and quality amenities and services that need to be provided to all communities. This limited access is exacerbated when communities flood in storm events. Assessing the state of sidewalks, prioritizing highest-need areas, and developing scalable solutions will foster development of a reliable pedestrian network that will enable communities to recover more quickly following a disaster with improved access to lily pads and essential services such as groceries and medicine.

1.5. Many alternative sidewalk and drainage solutions will be explored to incorporate multiple benefits and improve overall mobility in neighborhoods. Various local governments across the United States have adopted innovative ideas to address these issues, that have proven to be effective in resolving mobility challenges, reducing maintenance costs, and enhancing neighborhoods and quality of life.

2. City of Houston Background

2.1. The City of Houston is the fourth largest city in the United States, comprising 23 departments with multiple locations throughout the City.

2.2. The $5 billion annual budget includes funding for general government expenditures and enterprise systems including the combined utility system and the airports. The $8 billion five-year capital improvement plan includes planned appropriations for general government and enterprise systems and is inclusive of major equipment purchases such as information technology systems and vehicles. For further details, please refer to FY2020 Adopted Budget as well as the most recent Monthly Financial Report (http://www.houstontx.gov/budget/index.html) and the FY20-24 Adopted Capital Improvement Plan (http://www.houstontx.gov/cip/).

PART II – SCOPE OF WORK

1. PURPOSE

1.1. The City is seeking a consultant to provide professional planning services (the Project) that will focus on developing neighborhood-specific strategies through two case-studies in Kashmere Gardens and Gulfton. The Kashmere Gardens community is located north and east of downtown Houston. Gulfton is located south and west of downtown Houston. Both have experienced severe disinvestment as a result of chronic flooding, influenced by unique hydrological challenges and development patterns. The boundaries and additional information regarding these communities can be found in Attachment B, which include Complete Communities plans and data books.

1.2. These communities have repeatedly flooded during the Memorial Day 2015, Tax Day 2016, and Hurricane Harvey floods. Kashmere Gardens is primarily roadside ditch neighborhood, while Gulfton is primarily curb and gutter stormwater infrastructure. In both neighborhoods, significant conflicts exist between drainage and accessibility and mobility. Establishing a sidewalks plan that incorporates drainage consideration for the area can improve mobility, particularly during flooding events and accelerate economic recovery from Hurricane Harvey. These case-studies will serve as examples for scalable and replicable solutions to address similar challenges experienced across neighborhoods, city-wide.

1.3. Various programs have identified the need to create a comprehensive plan for the area, including Living with Water (LWW) Houston and the Kashmere Gardens and Gulfton Complete Communities Initiatives, that are currently underway. The LWW Houston efforts, launched in 2018, gathered data, built consensus among experts and developed a strategy tool kit tailored to alleviate the chronic challenges faced by Houston that are exacerbated by flooding. The efforts focused on three neighborhoods, one being Kashmere Gardens. The report lays the foundation to develop a plan for the Kashmere Gardens area that will further its recovery and mitigate future flooding. This case study will take a deeper dive into integrating the flood risk reduction strategies proposed by LWW to community development factors including affordable housing, equity, transportation, emergency response, and mobility. This report is found in Attachment B.

1.4. The Gulfton community does not have a specific LWW plan; however, strategies from LWW Houston can also be replicated and scaled to be utilized for this neighborhood. In addition, the Gulfton Complete Community Plan specifies actions, developed through extensive community engagement and participation, which will serve as a foundation to address the flooding and mobility challenges evidenced in the community. The Plan states that “a completed community is a connected and resilient community with public transit, walkable streets and quality infrastructure.” One primary goal is to create safe streets and sidewalks by improving area sidewalks, pedestrian crossings, streetlights, and calming traffic, particularly around schools. The Plan also identifies increasing flood resilience by improving drainage systems. Priority sidewalk projects for improved crossings have been identified through this Plan which will serve as a foundation for developing the Resilient Sidewalks program. This report is found in Attachment B.
1.5. Development of the Focus Area plans should utilize a robust participatory planning process to ensure proposed plans incorporate the vision of residents, business owners, and experts but also develop a sense of ownership and pride.

2. OBJECTIVE

2.1. The City of Houston requires a robust and comprehensive sidewalk plan based on evaluation of various criteria including the following:

2.1.1. Alternative materials
2.1.2. Innovative design
2.1.3. Low-cost construction options
2.1.4. Maintenance requirements
2.1.5. ADA compliance

2.2. The sidewalk plan must have elements that are replicable at all scales and promote co-benefits that address multiple resilience challenges including improved health and recreation, addressing urban heat island effect and providing space to practice safe physical distancing due to the COVID-19 global pandemic. In addition to definition of construction and maintenance specifications, the Plan will:

2.2.1. Provide a cost-benefit analysis

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

This Addendum and Agreement is a covered transaction for purposes of the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 3000 (Non- procurement Debarment and Suspension). As such, Consultant is required to confirm that neither the Consultant, its principals (defined at 2 C.F.R. §180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. §180.940) or disqualified (defined at 2 C.F.R. § 180.935).

INSTRUCTIONS FOR CERTIFICATION

1) By signing this Addendum, the Consultant, also sometimes referred to herein as a prospective primary participant, is providing the certification set out below.

2) The inability of a Consultant to provide the certification required below will not necessarily result in denial of participation in the covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the City’s determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3) The certification in this clause is a material representation of fact upon which reliance was placed when the City determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the City, the City may terminate this transaction for cause or default.

4) The prospective primary participant shall provide immediate written notice to the City if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5) The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal and voluntarily excluded, as used in this certification, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549.

6) The prospective primary participant agrees by signing the Addendum that it shall not knowingly enter into any lower tier covered transactions with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction. If it is later determined that the prospective primary participant knowingly entered into such a transaction, in addition to other remedies available to the City, the City may terminate this transaction for cause or default.

7) The prospective primary participant further agrees by signing this Addendum that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction,” as available through the United States Department of Homeland Security, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-Procurement Programs.

9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

CERTIFICATION

1) The prospective primary participant certifies to the best of its knowledge and belief that it and its principals:

   (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded by any Federal department or agency;

   (b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property;

EQUAL OPPORTUNITY CAUSE

The applicant/Consultant hereby agrees that it will incorporate or cause to be incorporated into any contract for construction work, or modification thereof, as defined in the regulations of the Secretary of Labor at 41 CFR Chapter 60, which is paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, the following equal opportunity clause:

During the performance of this Agreement, the Consultant agrees as follows:

(1) The Consultant will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Consultant will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Consultant agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Consultant will, in all solicitations or advertisements for employees placed by or on behalf of the Consultant, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The Consultant will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee’s essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Consultant’s legal duty to furnish information.

(4) The Consultant will send to each labor union or representative of workers with which he has a collective bargaining agreement or other agreement or understanding, a notice to be provided advising the said labor union or workers’ representatives of the Consultant’s commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The Consultant will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The Consultant will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
(7) In the event of the Consultant’s noncompliance with the nondiscrimination clauses of this Agreement or with any of the said rules, regulations, or orders, this Agreement may be canceled, terminated, or suspended in whole or in part and the Consultant may be declared ineligible for further Government Agreements or federally assisted construction Agreements in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The Consultant will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontract or vendor. The Consultant will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Consultant becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Consultant may request the United States to enter into such litigation to protect the interests of the United States.

The applicant/Consultant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the Agreement.

The applicant/Consultant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of Consultant and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency’s primary responsibility for securing compliance.

The applicant/Consultant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a Consultant debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Consultant and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.
