PART I – GENERAL INFORMATION

1. General Information

- 1.1 The City of Houston (“City”) is currently seeking proposals from qualified firms to provide planning services for the development of a Buy-in/Buy-out Planning Effort.
- 1.2 Nicknamed the Bayou City, Houston contains 22 watersheds in all directions and sits atop a low laying prairie just 26 feet above sea level. The geography of Houston along with historic development patterns make it prone to constant threats from flooding. Therefore, the occurrence of Hurricane Harvey flooding and frequent riverine flooding were a major turning point for the City’s recovery plans, leading the City to rethink its structures, policies, and tactics for disaster recovery.
- 1.3 During Hurricane Harvey, the City of Houston and region experienced an estimated \$130 billion worth of damage with a full third of the city underwater. The City Housing and Community Development Department’s unmet needs assessment for Harvey indicated the total unmet need for housing was over \$16 billion alone and impacted over 208,000 households. The assessment states that “in Houston, over one-quarter of households lived in buildings located inside of the floodplain at the time of Hurricane Harvey...approximately 6,948 households lived in areas designated as the floodway and 95,033 in areas designated as the 100 year floodplain.” Although these numbers are still being reviewed, the analysis indicates the need to identify a solution for the impacted homes within the floodway that experienced the devastation during Hurricane Harvey and continue to be at risk. Therefore, the City aims to build upon existing buyout programs and housing investments to formalize a coordinated buy-in/buy-out strategy (as described below) to facilitate more options for Houstonians to move out of the floodway or floodplains impacted by storms like Harvey.
- 1.4 A City-initiated buy-in/buy-out strategy is critical to moving all habitable structures away from the floodway by 2030, a goal of *Resilient Houston*. With the speed of current buyout efforts, studies estimate it will take 60 years to achieve the City’s goal. This proves the need for a City-wide plan to achieve the social, economic, and resilience goals. This buy-in/buy-out strategy aims to emphasize neighborhood focused relocation options as the primary driver and merge existing efforts by multiple Houston agencies to coordinate buyout priority areas, particularly areas impacted by Hurricane Harvey. Studies also indicate that hurricanes will be slower and larger, and precipitation will be more extreme; therefore, the ultimate goal is to assist families in relocating to safer areas away from the floodplain and potential future flood damage. This minimizes the impact of flooding events and provides the City with countless benefits, such as lower sheltering costs for displaced families, reducing flood debris, and lower insurance costs.
- 1.5 For the purpose of ensuring that communities do not experience blight and strong social networks are maintained within communities, the Houston Buy-in/Buy-Out Plan aims to identify the areas of highest risk which have repetitively flooded, including during Hurricane Harvey, and areas within the same neighborhoods that are at less risk of flooding. This is a critical adaptation measure in order for communities to continue to thrive, while improving health and safety for Houstonians. Several typologies will be explored which include: (1) areas where floodway/floodplain is being reduced through infrastructure improvements; (2) areas where a buy-in strategy is needed to work with existing buyouts; (3) areas where a buy-in/buy-out strategy will be most successful, and (4) areas where additional buyout opportunities exist, or a combination of two or more these elements.
- 1.6 In order to develop a comprehensive Houston, Buy-In/Buy-Out Plan, extensive stakeholder coordination must take place and priority areas need to be identified and categorized by typology. A specific framework will need to be developed, which identifies partners, funding mechanisms,

timelines, additional vacant land, and infrastructure opportunities and opportunities for neighborhood-specific housing coupled with buyouts or a planned or proposed infrastructure solution to reduce the floodway/floodplain. Although several sources of funding exist through different programs and agencies, the proposed effort will evaluate existing and potential new sources of monies to implement and maintain a successful Buy-In/Buy-Out Plan. The Plan will also evaluate, through different criteria established through stakeholder engagement and project steering team guidance, the number of structures that will need to be relocated and identify the priority areas based on the specific typologies established. Criteria can include, but is not limited to, flood risk, historical climate, and social vulnerability data.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

This Addendum and Agreement is a covered transaction for purposes of the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 3000 (Non- procurement Debarment and Suspension). As such, Consultant is required to confirm that neither the Consultant, its principals (defined at 2 C.F.R. §180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. §180.940) or disqualified (defined at 2 C.F.R. § 180.935).

INSTRUCTIONS FOR CERTIFICATION

- 1) By signing this Addendum, the Consultant, also sometimes referred to herein as a prospective primary participant, is providing the certification set out below.
- 2) The inability of a Consultant to provide the certification required below will not necessarily result in denial of participation in the covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the City's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- 3) The certification in this clause is a material representation of fact upon which reliance was placed when the City determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the City, the City may terminate this transaction for cause or default.
- 4) The prospective primary participant shall provide immediate written notice to the City if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 5) The terms *covered transaction*, *debarred*, *suspended*, *ineligible*, *lower tier covered transaction*, *participant*, *person*, *primary covered transaction*, *principal*, *proposal* and *voluntarily excluded*, as used in this certification, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549.
- 6) The prospective primary participant agrees by signing the Addendum that it shall not knowingly enter into any lower tier covered transactions with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction. If it is later determined that the prospective primary participant knowingly entered into such a transaction, in addition to other remedies available to the City, the City may terminate this transaction for cause or default.
- 7) The prospective primary participant further agrees by signing this Addendum that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction," as available through the United States Department of Homeland Security, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

- 8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-Procurement Programs.
- 9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

CERTIFICATION

- 1) The prospective primary participant certifies to the best of its knowledge and belief that it and its principals:
 - (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded by any Federal department or agency;
 - (b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property;

EXHIBIT VIII

EQUAL OPPORTUNITY CAUSE

The applicant/Consultant hereby agrees that it will incorporate or cause to be incorporated into any contract for construction work, or modification thereof, as defined in the regulations of the Secretary of Labor at 41 CFR Chapter 60, which is paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, the following equal opportunity clause:

During the performance of this Agreement, the Consultant agrees as follows:

(1) The Consultant will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Consultant will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Consultant agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Consultant will, in all solicitations or advertisements for employees placed by or on behalf of the Consultant, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The Consultant will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Consultant's legal duty to furnish information.

(4) The Consultant will send to each labor union or representative of workers with which he has a collective bargaining agreement or other agreement or understanding, a notice to be provided advising the said labor union or workers' representatives of the Consultant's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The Consultant will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The Consultant will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the Consultant's noncompliance with the nondiscrimination clauses of this Agreement or with any of the said rules, regulations, or orders, this Agreement may be canceled, terminated, or suspended in whole or in part and the Consultant may be declared ineligible for further Government Agreements or federally assisted construction Agreements in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The Consultant will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontract or vendor. The Consultant will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Consultant becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Consultant may request the United States to enter into such litigation to protect the interests of the United States.

The applicant/Consultant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the Agreement.

The applicant/Consultant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of Consultant and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant/ Consultant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a Consultant debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Consultant and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.
