

- b) has the capacity to manage and support an entire enterprise of Simple Network Management Protocol (SNMP) printers and multifunctional Devices connected to the network;
- c) manages and supports the devices;
- d) reports on usage patterns, troubleshoots and alerts when the Device needs to be serviced;
- e) makes the Device user friendly for collecting data;
- f) minimizes contract administration cost; and
- g) optimize Device availability and performance;
- h) Specifically, Contractor warrants that Xerox's Office Services Software Suite will:
 - i. check Device status, troubleshoot problems, track print usage and change settings via a Web browser;
 - ii. allow for group-based management of many printers as if they were one;
 - iii. proactively monitor Device status and provide alerts on printer problems;
 - iv. track Device usage over time to find the best fit for Devices within the City.
- i) has Internet management capability to allow system administrators to manage the diverse environments from a single server using their browser from any desktop;

- j) has ability to initiate troubleshooting tests and be able to display the results on single or multiple Devices;
- k) offers an e-mail alert system with the configurable alert detection settings to detect faults;
- l) provides links to embedded web servers for specific Device configuration; and
- m) has ability to generate standard reports.

Reporting

Contractor's Xerox Office Services Software Suite shall track how the City's printing products are being used.

Driver Management

- a) Contractor's DocuCare Analyst shall coordinate the installation, update and tracking of Device drivers.
- b) Contractor's DocuCare Analyst shall work closely with the City's IT Department to make Device drivers compatible with any changes in the City's software or network infrastructure.

Print Management

Contractor through its Xerox Office Services Software Suite shall manage Device printers proactively by:

- a) monitoring the equipment and dispatching instant e-mails if a problem is detected;
- b) dispatching a DocuCare Associate or service technician to the site if repairs cannot be done remotely

- c) monitoring printer usage by viewing all network printing products and dispatching service technicians if required; and
- d) maintaining, supporting and troubleshooting problems with City printers.

15. **PRINT SERVICES**

Contractor shall manage print services by providing Devices that:

- a) update drivers and configurations automatically;
- b) lock down printers to prevent configuration changes by unauthorized personnel;
- c) remove the burden of print management from file servers;
- d) have copy controller hard drive for copy jobs storage and image overlays; and
- e) have features such as print jobs retention, etc.

16. **PRINT LANGUAGES**

Contractor shall provide Devices that use the following formats and print languages:

- a) HP PCL 6
- b) PostScript Level 3 emulation
- c) direct PDF; and
- d) and can automatically switch from one language to the other.

17. **ENCRYPTION**

Recognizing that certain information handled by many city departments falls under local, state, and federal regulations and must be safeguarded from accidental release, any multi-

function device specified must have the capability to securely store information by way of encryption during the print cycle, as well as, immediately self erase information at the end of the printing cycle. Because erasure/overwriting methods vary, all vendors must meet standards defined in US Department of Defense standard 5220.22-M standard for disk sanitization.

18. **CONTRACTOR WARRANTIES.**

- A. **Services Warranty.** Contractor represents and warrants to City that the Services will be performed in a skillful and workmanlike manner; provided however, in no event will Contractor be responsible for any failure to perform Services if the failure is caused by: (i) Customer Assets, Customer Content, or services, maintenance, design implementation, supplies or data streams provided by City, City's agent, or service provider to Contractor for use hereunder, (ii) City's failure to contract for the minimum types and quantities of Devices required by Contractor to perform the Services, or (iii) City's failure to provide Contractor access to City's personnel and systems or to transfer to Contractor sufficient rights to use, access and/or modify Customer Assets constituting hardware and software, including software owned or licensed by City, and/or Customer Content as necessary for the provision of Services.
- B. **Warranty Disclaimer.** The warranties and guarantees set forth herein are expressly conditioned upon the use of the services and deliverables for their intended purpose in the systems environment for which they were originally designed and shall not apply to services or deliverables which have been

subject to misuse, accident, alteration or modification by the City or any third party, except as specifically authorized in writing by Contractor

19. **INTELLECTUAL PROPERTY.**

- A. City represents and warrants it owns the Customer Content and Customer Assets or otherwise has the right to authorize Contractor to perform Services hereunder.
- B. Contractor, its employees, agents and/or licensors shall at all times retain all rights to Contractor Work and Xerox Tools, and except as expressly set forth herein, no rights to Contractor Work and Xerox Tools are granted to City. City shall have no rights to use, access, or operate the Xerox Tools, which will be installed and operated only by Contractor. City will have access to data and reports generated by the Xerox Tools and stored in a provided database. City agrees not to decompile or reverse engineer any Contractor Work or Xerox Tools. Contractor hereby grants City a non-exclusive, perpetual fully paid-up, worldwide right to use, display and reproduce Contractor Work and Documentation only as required for use of the Services and Deliverables for City's customary business purposes, and not for resale, license and/or distribution outside of City's organization. City may not sublicense any rights granted to City hereunder, but may authorize a third party ("Designee") to use such rights, solely for City's benefit and City's internal business purposes. Output of Services is City's sole and exclusive property and Contractor shall gain no rights therein, except as may be required for Contractor to perform Services hereunder. Contractor hereby assigns, grants, conveys, and transfers

to City all rights in and to the Output of Services hereunder. Recommendations, assessments, and processes described in Assessments may only be implemented for City by Contractor and only for City's internal business purposes. Except as provided in this Section, no other rights or licenses are granted to City. Any rights or licenses that are granted to City shall immediately terminate if City (i) defaults with respect to any of City's obligations related to such rights or licenses, (ii) fails to pay amounts due, or (iii) otherwise defaults under the Agreement.

20. **SOFTWARE.**

- A. **Software License.** This section applies to copyrighted software and the accompanying Documentation, including, but not limited to, operating system software, provided with or within the Device(s) acquired hereunder ("Base Software") as well as software specifically set out as "Application Software". Contractor hereby grants City a non-exclusive, non-transferable license to use the Base Software only on or with the equipment with which (or within which) it was delivered. For Application Software, Contractor hereby grants City a non-exclusive, non-transferable license to use this software on any single unit of the Device(s) for as long as City is current in the payment as provided under Section IV.D of this Agreement. City has no other rights to the Base or Application Software and, in particular, may not: (1) distribute, copy, modify, create derivatives of, decompile, or reverse engineer the software; (2) activate any software delivered with or within the Device(s) in an unactivated state; or, (3) allow others to engage in same. Title to Base and

Application Software and all copyrights and other intellectual property rights in it shall at all time reside solely with Contractor and/or its licensors. Base and Application Software may contain, or be modified to contain, computer code capable of automatically disabling proper operation or functioning of the Device(s). Such disabling code may be activated if City has defaulted hereunder. Contractor may terminate the Base Software license upon termination of any order or amendment under which City acquired the Devices. Contractor warrants that the Base and Application Software will perform in material conformity with its user documentation. Contractor shall make repairs to Xerox software/drivers when needed; however, if the breakdown was caused by a change in the City's information technology infrastructure, the City is responsible for updating the City's software. Neither Contractor nor its licensors warrant that the Base or Application Software will be free from errors or its operation will be uninterrupted. This Software license does not apply to any Diagnostic Software, any software/documentation accompanied by a clickwrap or shrinkwrap license agreement or otherwise made subject to a separate license agreement including, but not limited to, any operating system software for third party hardware.

- B. **Software Support.** During the period that Contractor provides maintenance services for the equipment, Contractor will also provide software support for the Base Software under the following terms. For Application Software licensed pursuant to this Agreement, Contractor will provide software support

under the following terms provided City is current in the payment as provided under Section IV.D of this Agreement. For support: (i) Contractor will assure that Base and Application Software performs in material conformity with its user documentation and will maintain a toll-free hotline during standard business hours to answer related questions; (ii) Contractor may make available new releases of the Base or Application Software that primarily incorporate coding error fixes and are designated as "Maintenance Releases". Maintenance Releases are provided at no charge. Each new Maintenance Release shall be considered Base or Application Software governed by these Software Terms. New releases of the Base or Application Software that are not Maintenance Releases, if any, may be subject to additional fees at Contractor's then-current pricing to be reviewed and approved by the City Purchasing Agent, subject to the allocation of funds, and shall be considered Base or Application Software governed by these Software Terms (unless otherwise noted). Contractor will not be in breach of its software support obligations if (i) Contractor uses reasonable efforts, either directly and/or with its vendors, to resolve coding errors or provide workarounds or patches, (ii) provided City report problems; and (iii) Contractor shall not be obligated to remedy coding errors if City has modified said software.

- c. **Diagnostic Software.** Software used to maintain the Device(s) and/or diagnose its failures or substandard performance (collectively "Diagnostic Software") is embedded in, resides on, or may be loaded onto the Device. Diagnostic Software and method of entry or access to it constitute valuable

trade secrets of Contractor. Title to Diagnostic Software shall at all times remain solely with Contractor and/or Contractor's licensors. City agrees that (1) its acquisition of the equipment does not grant it a license or right to use Diagnostic Software in any manner, and (2) that unless separately licensed by Contractor to do so, City will not use, reproduce, distribute, or disclose Diagnostic Software for any purpose (or allow third parties to do so).

21. **REMOTE SERVICES.** Certain models of Devices are supported and serviced using data that is automatically collected by Contractor from the Devices via electronic transmission from the equipment to a secure off-site location. Examples of automatically transmitted data include product registration, meter read, supply level, equipment configuration and settings, software version, and problem/fault code data. All such data will be transmitted in a secure manner specified by Contractor.

EXHIBIT "A-2"

TECHNICAL SPECIFICATIONS OF DEVICE MODELS

SUPPLIED UNDER THIS AGREEMENT

Product Overview: WorkCentre® 3550

Value Proposition

- Robust Performance
- Value
- Business-Ready

WorkCentre 3550 versus the Competition

- Fast print speed and first-page-out time
- More memory
- Legal-size copy platen
- Greater paper capacity from trays / DADF
- Print from and Scan to USB flash drive
- 4-line display for easy readability
- Higher maximum print cartridge yields
- Low cost per page
- Compatible with Xerox Global Driver / Mobile Print Driver

The WorkCentre 3550 provides productivity features to small and medium size businesses that are typically used in larger offices. The WorkCentre 3550 prints at 35 ppm, additional paper capacity for fewer interventions, and a robust engine that is used on higher end equipment.

For enterprise accounts who manage fleets of printers, the WorkCentre 3550 is an affordable monochrome laser MFP backed by Xerox Customer Support. It is a business-ready device, with fast print speeds; support for Windows, Mac, and UNIX operating systems; built-in duplexing for easy reduction in paper use, and built-in networking capability. It is easy to use and easy to manage with CentreWare Internet Services remote management tools and advanced network features.

Product Highlights

- Robust Performance
 - Print and copy speeds up to 35 ppm: Improve office productivity
 - Advanced paper handling: 550-sheet paper capacity (expandable to 1,050 sheets)
 - 1200 enhanced image quality and vibrant color scanning
 - PostScript® 3™ and PCL®: Ensures output comes out the way you expect
 - Engineered to be easy to use (front panel navigation, easy setup), easy to manage (CWIS)
- Value
 - 60-sheet DADF provides convenient, money-saving, two-sided output
 - Legal size scanning platen (14-inch): Supports a wide range of media sizes
 - Large UI (4-Line): Lets you see more at a glance, while an efficient menu layout helps you accomplish routine tasks more quickly
 - Secure print w/out hard drive
 - Economic and environmental features: Energy Star qualified, ID Card Copy, paper-saving N-up printing and copying, toner-saver and power-saver modes
 - Easily convert hardcopy documents to digital PDF files and send them to your server, e-mail contacts, or USB memory device
 - Advanced fax features: Speed dials, Secure Fax, color send, PC fax, and fax forward to e-mail
- Business-Ready
 - CWIS provides real-time monitoring, device setup, viewing of toner and paper levels, and efficient supplies ordering.
 - Xerox Status Monitor alerts users when an error occurs during printing.
 - Control access to sensitive information with secure print and secure fax
 - Small footprint brings features conveniently close to your workteam
 - Maximizes uptime with just one integrated print cartridge to replace

Product Overview: WorkCentre® 5135/5150

WorkCentre 5135/5150

Value Proposition

- Reliable and Simple to use
- "Green" (factory produced New Model) – Reuses on average 63% of components by weight
- Standout Productivity
- Secure... what you expect from Xerox
- Good Value – Aggressively Priced

— Performance

- Advanced controller: Delivers fast effective network print speed
- True multitasking: Multiple users can scan, print, fax, and manage the queue simultaneously.
- No printing bottlenecks: Print Around feature holds a job needing resources and prints the next job in the queue; can manage the job queue at the device by promoting or deleting jobs accordingly
- Smaller network-friendly files: Scan compression technologies provide significantly faster transmission speeds while reducing network load and storage space on network and mail servers.

Compare the WorkCentre 5135/5150 to the Competition!

- Outstanding productivity
- Print around capabilities when resources are low
- Bi-directional print drivers
- Easy setup and remote configuration with CentreWare Web
- Under evaluation for Full Common Criteria Certification – Eliminates more potential entry points
- Complete CRU strategy with Smart Kit technology
- High toner and drum yields for less intervention

The WorkCentre 5135/5150 is a powerful office multifunction device with the flexibility to expand with City of Houston workload. Fully modular and upgradeable; you can start with full-featured copying and easily add printing, scanning, and faxing.

Product Highlights

- Standard: Copy
- Optional: Direct connect scan, E-mail, Fax, Internet Fax, Network Fax Server, Network print connectivity, Network Scan, Print, Scan, Walkup fax
- Up to 35/50 ppm
- First-copy-out time as fast as 3.4 seconds (5150)
- Maximum paper size: 11 x 17 in./A3
- Output resolution: 600 x 600 x 8 dpi input, 4800 x 600 dpi interpolated output
- 75 sheet Duplex Automatic Document Feeder
- Standard paper capacity: 4,800 sheets
- Two-sided output standard
- Finishing with stapling and hole punching available
- Maximum duty cycle – 5135: up to 125,000 pages/month; 5150: up to 175,000 pages/month

Benefits

Minimize Environmental Impact

- Increase sustainability: Xerox manufacturing reuses on average 60% of components by weight. Parts reuse is estimated to cut 500 lbs of CO2 and save 700 kWh—about the same amount of energy needed to operate the printer for one year.
- Reuse benefits: Parts reuse allows a reduced price along with environmental savings; assurance that parts meet as-new performance specifications for functionality, reliability, and appearance for life of the product life.
- Energy efficiency: Cuts energy consumption during use compared to older models; meet the latest ENERGY STAR® qualifications, and reduce energy required to copy, print, fax, and scan by combining the functions of multiple products into one
- Save paper: Reduce paper use by as much as half with automatic two-sided print and copy capability; go paperless with powerful scanning features to manage documents electronically
- Advanced Capabilities
 - Advanced copy and print features: Annotation, Bates Stamping, ID Card Copy, tab print capability, and page-level programming provide more document options.
 - Cutting-edge scanning functionality: Increase efficiency with Scan to E-mail for quick document distribution to multiple e-mail addresses. Scan to Mailbox to store on the device and Scan to Home to send to a network folder

- Scan format flexibility: Scan to searchable PDF or XPS formats for universal compatibility and easy archiving, organizing, searching, and sharing
- Convert documents into text files: Scan to PC Desktop[®] software option offers editing and document conversion tools, including batch creation of secure PDFs from all PC applications
- Store frequently printed documents: Capture/Print, Save & Reprint feature lets you store scanned documents directly on the device for reprint later.

Product Overview: WorkCentre 7435

The WorkCentre 7435 is a workgroup multifunction products that deliver black-and-white printing and affordable color capabilities for small-to-midsize businesses or enterprise workgroups.

The Color Capable Value Proposition

- Affordable color, same as black-and-white running costs
- Saves money by consolidating assets and controlling color costs
- Provides the same features available on black-and-white multi-function devices... plus color when you need it
- Provides office and EFI workflows concurrently running on the same device

"Green" product, better for the environment

- Low energy consumption
- Low carbon footprint
- Less noise
- Energy Star and Blue Angel compliant

BERTL Readers' Choice 2010

"Not having to dig out a user-manual is a sure sign your equipment's panel screen and menus are user friendly. In the Ease of Use category, Xerox has hit the mark."

- Innovation
 - Breakthrough 1200 x 2400 dpi print technology coupled with Xerox Emulsion Aggregation High-Grade (EA-HG) toner for higher resolution, sharper image quality; digitally adjusts for mis-registration
 - New HiQ LED print head takes up less space than traditional laser printers, leaving more room for output and finishing
 - Fewer moving parts than conventional laser printers mean less maintenance and greater uptime.
 - Blue Angel-compliant, considered the most stringent environmental award for information technology equipment
 - Energy Star compliant—consumes less power (< 2 watts) than other laser devices in its class
- Productivity
 - WorkCentre 7435 outputs color documents at a fast 35 ppm.
 - Booklets are easy to create with a choice of optional finishers that stack, hole punch, fold, and staple.
 - Optimized duplex print productivity—first side is imaged then circles around while the next side is imaged
 - Print Around feature means no waiting for a problem print to clear.
 - Large, intuitive touch screen puts 90 percent of the common features on the first screen
 - Integrates easily with third party workflow applications (e.g., accounting and document management)
- Business Solutions
 - Create searchable PDF, PDF/A, XPS files at the device and automatically route them to the desktop, network folder, or e-mail address
 - Simplified driver management with Xerox Global Print Driver (X-GPD) and Xerox Mobile Express Driver (X-MED)
 - Users can specify unique driver settings for individual pages in a document, then save and apply those settings to other jobs.
 - Fax Forwarding: Auto-route faxes to email, mailbox, or network folders to save on paper and speed retrieval and distribution
 - Conforms to the latest industry standards for network security, including IPSec, SNMPv3 and 802.1x
 - ∴ Optional EFI controller with easy-to-use color management controls, powerful productivity features, and superior workflow tools

WorkCentre 7435 Beats the Competition!

- Better printing and finishing productivity
- Easier to use and maintain
- Outstanding image quality
- Simple integration into existing workflows
- Greater cost control

WorkCentre 7435 Strengths versus the Competition

- Better printing and finishing productivity
 - 5,140 sheets input capacity (maximum)
 - Envelope Tray
 - Glossy Print Mode
 - 100% Duplex
 - Integrated Finisher (with stapler and hole punch)
 - Office Finisher with optional basic booklet finisher
 - Face Up Tray (ideal for fax)
- Easier to use and maintain
 - Optional thumbnail display makes retrieval easier. Documents stored on the hard drive are displayed in miniature on the front panel, making it easy to choose a job.
 - Customizable front panel buttons for most-used features
 - Xerox Smart Kit™ technology constantly monitors critical components of the WorkCentre device to predict and prevent downtime.
- Outstanding image quality
 - 600 x 600 dpi copy resolution and up to 1200 x 2400 dpi print resolution; generates high-quality copies and prints with crisp text and images
 - Consistent, printshop-quality text and images in PostScript, PCL6/PCL5c, PDF, and XPS printer language
 - Xerox Emulsion Aggregation (EA) toner provides consistently higher resolution and sharper image quality. EA toner particles are smaller and more symmetrical than conventional toners.
- Simple integration into existing workflows
 - EFI Fiery network controller option fits into most workflows, especially for environments with managed print queues
 - Integrates easily with third party workflow applications, such as accounting and document management
- Greater Cost control
 - Auditron: Controls, tracks, and enables quota setting for output for copy activity by user or workgroup for analysis and billing purposes
 - Xerox Standard Accounting (XSA): Builds on Auditron by adding web-based remote management for copy, print, scan, and fax activity
 - Network Accounting/Job Based Accounting: Enables Xerox MFPs to integrate with third-party accounting and billing solutions from Xerox Business Partners
 - Automatic color sensing: Automatically detects the use of color in a document and applies the appropriate accounting charges

Product Overview: WorkCentre® 5735/5740/5745/5755/5765/5775/5790

Value Propositions

- Engineered for more productivity
- Control costs
- Security at all levels
- Secure administration

Finishing options: Office Finisher (not 5790), High Volume Finishers

Product Highlights

- Productivity
 - Laboratory results prove that the advanced Xerox WorkCentre controller outperforms the competition.
 - Powerful 1.2 GHz Freescale processor concurrently processes jobs received and performs multiple tasks simultaneously
 - Robust job queue enables job promoting or deleting; Print Around feature eliminates extended printing delays by holding a job in need of resources (such as a different paper size) and printing the next job in queue
 - Significantly smaller scan file sizes reduce network traffic
 - Color touchscreen interface features bright, intuitive icons and easy access to all major functions directly from the home screen
 - Smart eSolutions provide hassle-free, automatic meter reads and supplies replenishment, and proactive maintenance suggestions.
 - Xerox Global Print Driver™ lets IT administrators install, upgrade, and manage Xerox and non-Xerox devices from a single driver while the Xerox Mobile Express Driver™ lets users print from nearly any location.
 - Less user intervention and downtime due to SMart Kit® technology
- Optimizes Office Work
 - Increases workflow efficiency by scanning to numerous destinations (E-mail, Mailbox, Home, network folders, FTP sites, and fax servers) and to the latest electronic file formats (text-searchable PDF or XPS)
 - Network Server Fax, Internet Fax enablement (to avoid long distance charges), and Walkup Fax with LAN Fax eliminate the need for a dedicated fax machine.
 - Xerox SMARTsend® scan software option lets you route documents to multiple destinations—e-mail, folders, document management systems, or remote devices—from a single scan, using a pre-set workflow
 - Capture/Print, Save, and Reprint feature lets you store scanned documents directly on the device for exact reprint later.
 - Xerox Extensible Interface Platform™ (EIP) software opens the door to countless Xerox and Alliance Partner solutions right from the touch screen.
 - Certified for use with software solutions from Citrix Systems and MEDITECH. In addition, Xerox is submitting the system for Cerner certification.

- Paper capacity up to 8,700 sheets and multiple finishing options let you add the capabilities that are right for individual workgroups.
- Secure Information
 - Xerox Standard Accounting helps control costs by monitoring all pages and who produced them.
 - Submitted for Full System Common Criteria (ISO 15480) Certification (certification ensures that the entire device, not just individual components, conforms to the most stringent security standards and regulations)
 - Secure Print prevents unauthorized viewers from seeing documents by holding jobs in the print queue until the user is authenticated.
 - Network authentication restricts access to scan, e-mail, and network fax features by validating user names and passwords before use.
 - Secure Access Unified ID system uses card-based identification to authenticate authorized users when they insert an ID card.
 - Follow-You Print (with Secure Access option) lets you submit print jobs to a secure print queue and print them at the device of your choice.
 - Supports the Smart Card technology used by the U.S. Department of Defense for its Common Access Card (CAC) system

Compare WorkCentre 5735/5740/5745/5755 with the Competition!

- Fast print speeds – Flexible print speeds to match the workload
- Fast first-page-out time (FPOT) – As fast as 3.4 seconds
- Bi-directional driver with real-time device and job status – Standard; requires no additional software
- Separate memory for copy/print/fax – Allows users to perform multiple functions simultaneously
- Print Around feature – Eliminates extended printing delays by holding a job in need of resources and printing the next job in queue
- Fast scanning at all resolutions – Up to 80 images per minute
- Onboard OCR for text-searchable PDF – Standard; requires no additional software
- Handles heavy media from all trays – 16 to 53 lb bond
- Outstanding security features – Copier configurations: Fax Security (requires fax option); Copier/Printer configurations: Fax Security, Secure Print, 802.1x, HTTPS (SSL), SNMP V3, IPv6, IPsec, Network Authentication, Device Access Password Protection, IP Filtering, Audit Log, Disk Encryption, Disk Image Overwrite;
- Device submitted for full system Common Criteria Certification (ISO 15480) – Certification ensures that the entire device, not just individual components, conforms to the most stringent security standards and regulations.
- Complete Customer Replaceable Unit strategy – Xerox SMart Kit technology predicts and prevents downtime by letting you know ahead of time when easy-to-change components need replacement. Users can replace toners, drums, fuser, waste bottle, and staples.
- High drum and toner yields – Drum: 200K pages, toner: 50K pages at 6 % coverage; less user intervention and downtime

Compare WorkCentre 5765/5775/5790 with the Competition!

- Fast print speeds – Flexible print speeds to match the workload
- Fast first-page-out time (FPOT) – As fast as 2.7 seconds
- Bi-directional driver with real-time device and job status – Standard; requires no additional software
- Separate memory for copy/print/fax functions – Allows users to perform multiple functions simultaneously
- Print Around feature – Eliminates extended printing delays by holding a job in need of resources and printing the next job in queue

WorkCentre 57xx Value Propositions

Value	Features	Benefits
Engineered for more productivity	Scan to E-mail	<ul style="list-style-type: none"> • Quickly distributes documents to multiple e-mail addresses. • Store files on the device or in a personal directory • Scan documents to network folders, FTP sites, and fax servers right from the device
	Scan to Mailbox	Allows scanning to a folder on the printer's hard drive to reprint on demand or retrieve via a web browser
	Scan directly to searchable PDF, PDF/A, or XPS electronic document formats	<ul style="list-style-type: none"> • More distribution options • Universal compatibility and easy archiving, organizing, searching, and sharing ability • Can easily retrieve, find, and replace text within the document for more powerful editing capabilities
	Xerox SMARTsend	<ul style="list-style-type: none"> • Scan, capture, and distribution software option provides capability to route documents to multiple destinations—e-mail, folders, document management systems, or remote devices—from a single scan, using a pre-set workflow • LDAP capability can integrate network address books
	Capture/Print, Save, and Reprint	<ul style="list-style-type: none"> • Quickly access frequently printed documents • Store scanned documents on the device for exact reprint later, while also retaining the flexibility to change document parameters before reprinting

Value	Features	Benefits
	Network Server Fax, Internet Fax, Walkup Fax with LAN Fax	<ul style="list-style-type: none"> • Internet Fax avoids long distance charges. • Eliminate the need for a dedicated fax machine • With fax forward to e-mail feature, incoming faxes can be automatically routed to any valid e-mail address, device folder, or network folder to save paper and speed retrieval.
Control Costs	Color scanning	<ul style="list-style-type: none"> • Available on all models is one • Scan color documents as originally created and retain visually critical information • Use color scan to PDF to immediately distribute those color documents via email
	<p>Multiple finishing options:</p> <ul style="list-style-type: none"> • Offset Catch Tray (5735/5740/5745/5755) • Basic Office Finisher (5735/5740/ 5745) • Office Finisher (not 5790) • High Volume Finisher (HVF) (not 5735) • HVF with Booklet Maker (not 5735) • Z-Fold/C-Fold unit option for HVF with Booklet Maker • Post Process Inserter option for HVF and HVF with Booklet Maker • Convenience Stapler 	<p>Host of advanced finishing options reduces outsourcing costs by creating finished documents in the office</p>
	SMart Kit technology	<ul style="list-style-type: none"> • Reduces service calls • Predicts and prevents downtime by informing you ahead of time when easy-to-change components need replacement
	Two-sided printing, junk fax rejection, and efficient scanning workflows	Helps you print less paper and saves money
	Xerox Standard Accounting	<ul style="list-style-type: none"> • Monitors not only the pages the office produces, but also who produced them • Administrators can allocate user access and generate usage reports, providing the information needed to optimize device deployment and reduce costs.

Value	Features	Benefits
	Job Based Accounting	<ul style="list-style-type: none"> Ensures accurate billing of device output to the correct department using one of several third-party billing solutions Streamlines costs and simplifies ownership
	Smart eSolution suite	<p>Manages time-consuming maintenance chores:</p> <ul style="list-style-type: none"> MeterAssistant collects and submits usage meter reads automatically. SuppliesAssistant monitors consumables such as toner and ensures that your customers have the right amount on hand. Maintenance Assistant offers a fast, free way to troubleshoot, report, and resolve potential repair issues.
Security at all levels	Submitted for full system Common Criteria (ISO 15488) Certification	Ensures that the entire device, not just individual components, conforms to the most stringent security standards and regulations
	Secure Print	Prevents unauthorized viewers from seeing documents by holding jobs in the print queue until the user is authenticated
	Xerox Secure Access Unified ID System	Uses card-based identification to authenticate authorized users when they insert an ID card
	Follow-You Print	Lets you submit print jobs to a secure print queue and print them at the device of your choice, after ID authentication
	Smart Card technology	Used by the U.S. Department of Defense for its Common Access Card (CAC) system, which protects against unauthorized access
Secure Administration	CentreWare iS Embedded Web Server	<ul style="list-style-type: none"> Automates installation, troubleshooting, cloning, and upgrading, providing virtually effortless device management Manages an entire enterprise-wide print environment—regardless of manufacturer mix—and helps ensure all devices run smoothly and reliably
	Latest software and security patches	<ul style="list-style-type: none"> Easily and remotely update devices Customize functionality to meet business needs
	Third-party certification	<ul style="list-style-type: none"> Provides certified approval for use with software solutions from such industry leaders as Citrix Systems and MEDITECH. Xerox is submitting the system for Cerner certification.

Value	Features	Benefits
	Network authentication	<ul style="list-style-type: none">• Restricts access to scan, e-mail, and network fax features by validating user names and passwords before use• Audit Log capabilities let you know who sent what, when.

FEE SCHEDULE

**MONTHLY COST FOR EACH DEVICE MODEL
SUPPLIED UNDER THIS AGREEMENT**

Contractor shall increase the Monthly Minimum Charge by the Monthly Cost for the Device model added, and decrease the Monthly Minimum Charge by the Monthly Cost for Device model deleted as set out in Sections IV, A (1) and (2).

<u>Model Number</u>	<u>New Business And 1 – 3 Year Monthly Cost</u>	<u>4 and 5 Year Renewal Monthly Cost</u>
WC3550X	\$90.91	85.53
WC5135PT	\$156.95	\$144.96
WC5150PT	\$162.32	\$149.81
WC5775	\$245.79	\$224.91
WC5790APT	\$286.82	\$261.46
WC7120PT	\$192.03	\$176.53
WC7435P	\$247.73	\$226.21

4TH AND 5TH YEAR RENEWAL PRICE

- One time price reduction following Agreement extension.
- Price reduction applies only to the units and replacement units included in the initial order
- Excludes any products that are added after the initial order
- Price reduction applies only to the Monthly Base Charge. No change to print charges.
- 4th and 5th year new Device installs are available at the New Business Rate.

EXHIBIT "C"

PERFORMANCE REQUIREMENTS

Performance Criteria	Measurement	Description	Calculation
Service Response Time	95% Response Time	Managed Service Help Desk ("MSHD") answers calls from City within 2 minutes. If necessary, a DocuCare Associate will respond to End-Users within one hour.	The measurement for Service Response Time is calculated by dividing the total number of calls responded to in one hour or less by the total number of calls during each month.
Average Technical Service Response Time	95% Achievement of Target Response Time	The average amount of time between MSHD initiated service call and the arrival of the Service Technician at the site.	<p>The measurement for Average Technical Service Response Time is calculated by dividing the <i>Target Response Time</i> by the <i>Average Service Response Time</i> ("ASRT").</p> <p>Example:</p> <ul style="list-style-type: none"> • <i>Target Response Time</i> is the Xerox standardized response time. • <i>ASRT</i> is measured by dividing the <i>Sum of all Service Call Response Times</i> (this is done by adding up the total response times for all products) by the <i>Total Number of Service Calls</i>. • Target Response Time = 4 hours • Sum of Service Call Response Times = 49 hours. • Total Number of Service Calls = 12 $= 4 \text{ hours} / (49 \text{ hours} / 12 \text{ calls})$ $= 4/4/08 = 97.9\% \text{ Achievement of Target Response Time}$ <p>Note: Average Service Response Time is measured for the entire fleet and is calculated on a quarterly basis.</p>

Equipment Uptime ("Availability Hours")	95% Three Month Rolling Average Uptime	The three month rolling average percentage that the equipment is available for use during the term of the Agreement.	<p>The measurement for Equipment Uptime is calculated by dividing the (Availability Hours - Equipment Downtime) by the <i>Availability Hours</i>.</p> <ul style="list-style-type: none"> • Equipment Downtime is the <i>Total Service Response Time</i> plus <i>Machine-Repair Time</i> (excludes normal interrupts. e.g. lunch) <ul style="list-style-type: none"> - <i>Total Service Response Time</i> is the actual time the technician arrived on site minus the time the initial service call was placed if the machine is in a "down" (cannot make prints or copies) condition. - Machine-Repair Time is the time it takes the technician to repair the machine to be operational. <p>Availability Hours is the contracted period of coverage for that machine. (Equal to the total number of working days per month times 8 hours for each shift.) Example. One shift for month of March with no holidays = 8 hours x 21 days = 168 hours.</p> <p>Example:</p> <p>Equipment Downtime = (Response Time + Repair Time)</p> <p><i>Total Service Response Time: 4 hours Machine Repair Time: 1 hour</i></p> <p>Equipment Downtime = (4 + 1) = 5</p> <p>Availability Hours: 21 x 8 = 168 Hours</p> <p>(168 - 5) / 168 = 97% Equipment Uptime</p> <p>Note: Availability Hours is calculated for the entire fleet of machines (multiply Contracted Period of Coverage hours by total number of machines) on a 3 month rolling average.</p>
Actual Asset Utilization	Target Utilization	Monthly impression activity within 30% of rated impression activity	Actual impressions divided by rated impression activity.

EXHIBIT "C"

PERFORMANCE REQUIREMENTS

Measure	Minimum Requirement
Response time to calls for service within 4 hours	95% of all service calls
Repair and maintenance calls completed within 4 hours of arrival	95% of all service calls
Full access to all device capacity and functions	95% availability during normal working hours
Repeat service call on same device within 30 days	Less than 2% of service calls
Monthly impression activity within 30% of rated impression activity	At least 70% but less than 130% of rated capacity by device
Impression activity ratio of network prints to copies	Initially, at least 10%, but grow to at least 40%
Timely and accurate meter readings for monochrome and color prints and copies	Submission of meter reading to contract administrator within 5 business days of cutoff date and with 99% accuracy
Timely installation of all multifunction devices	Within 60 days of notice to proceed
Provide initial training to all key users and End-Users in conjunction with device roll out	Satisfy training objectives and calendar, as proposed and negotiated
Sustain ongoing training on MFD functions and capabilities	Meet training program objectives that focus on periodic contact with all key operators and End-Users to maximize use of equipment capacity and functionality
Timely and effective resolution of customer service issues	Full compliance with customer service plan to effectively manage and monitor customer service issues, including timely escalation of issues to the appropriate decision making level

EXHIBIT "D"
MWBE SUBCONTRACT TERMS

Contractor shall insure that all subcontracts with MWBE subcontractors and suppliers are clearly labeled **"THIS CONTRACT IS SUBJECT TO BINDING ARBITRATION ACCORDING TO THE TEXAS GENERAL ARBITRATION ACT"** and contain the following terms:

1. _____ (MWBE subcontractor) shall not delegate or subcontract more than 50% of the work under this subcontract to any other subcontractor or supplier without the express written consent of the City of Houston's Affirmative Action Director ("the Director").
2. _____ (MWBE subcontractor) shall permit representatives of the City of Houston, at all reasonable times, to perform (1) audits of the books and records of the subcontractor, and (2) inspections of all places where work is to be undertaken in connection with this subcontract. Subcontractor shall keep such books and records available for inspection for at least 4 years after the end of its performance under this subcontract. Nothing in this provision shall change the time for bringing a cause of action.
3. Within five business days of execution of this subcontract, Engineer (prime engineer) and Subcontractor shall designate in writing to the Director an agent for receiving any notice required or permitted to be given pursuant to Chapter 15 of the Houston City Code of Ordinances, along with the street and mailing address and phone number of such agent.
4. Any controversy between the parties involving the construction or application of any of the terms, covenants or conditions of this subcontract shall, on the written request of one party served upon the other or upon notice by Director served on both parties, be submitted to binding arbitration, under the Texas General Arbitration Act (Tex. Civ. Prac. & Rem. Code Ann., Ch. 171 -- "the Act"). Arbitration shall be conducted according to the following procedures:
 - a. Upon the decision of the Director or upon written notice to the Director from either party that a dispute has arisen, the Director shall notify all parties that they must resolve the dispute within thirty (30) days or the matter may be referred to arbitration.
 - b. If the dispute is not resolved within the time specified, any party or the Director may submit the matter to arbitration conducted by the American Arbitration Association under the rules of the American Arbitration Association, except as otherwise required by the City's contract with American Arbitration Association on file in the Office of the City's Affirmative Action Division.
 - c. Each party shall pay all fees required by the American Arbitration Association and sign a form releasing the American Arbitration Association and its arbitrators from liability for decisions reached in the arbitration.
 - d. If the American Arbitration Association no longer administers Affirmative Action arbitration for the City, the Director shall prescribe alternate procedures as necessary to provide arbitration by neutrals in accordance with the requirements of Chapter 15 of the Houston City Code of Ordinances.
 - e. All arbitrations shall be conducted in Houston, Texas unless the parties agree to another location in writing.

EXHIBIT "E"
EQUAL EMPLOYMENT OPPORTUNITY

1. The contractor, subcontractor, vendor, supplier, or lessee will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, or age. The contractor, subcontractor, vendor, supplier, or lessee will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, religion, color, sex, national origin, or age. Such action will include, but not be limited to, the following: employment; upgrading; demotion or transfer; recruitment advertising; layoff or termination; rates of pay or other forms of compensation and selection for training, including apprenticeship. The contractor, subcontractor, vendor, supplier or lessee agrees to post in conspicuous places available to employees, and applicants for employment, notices to be provided by the City setting forth the provisions of this Equal Employment Opportunity Clause.

2. The contractor, subcontractor, vendor, supplier, or lessee states that all qualified applicants will receive consideration for employment without regard to race, religion, color, sex, national origin or age.

3. The contractor, subcontractor, vendor, supplier, or lessee will send to each labor union or representatives of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer advising the said labor union or worker's representative of the contractor's and subcontractor's commitments under Section 202 of Executive Order No. 11246, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

4. The contractor, subcontractor, vendor, supplier, or lessee will comply with all provisions of Executive Order No. 11246 and the rules, regulations, and relevant orders of the Secretary of Labor or other Federal Agency responsible for enforcement of the equal employment opportunity and affirmative action provisions applicable and will likewise furnish all information and reports required by the Mayor and/or Contractor Compliance Officer(s) for purposes of investigation to ascertain and effect compliance with this program.

5. The contractor, subcontractor, vendor, supplier, or lessee will furnish all information and reports required by Executive Order No. 11246, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to all books, records, and accounts by the appropriate City and Federal Officials for purposes of investigations to ascertain compliance with such rules, regulations, and orders. Compliance reports filed at such times as directed shall contain information as to the employment practice policies, program, and work force statistics of the contractor, subcontractor, vendor, supplier, or lessee.

6. In the event of the contractor's, subcontractor's, vendor's, supplier's, or lessee's non-compliance with the non-discrimination clause of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part, and the contractor, subcontractor, vendor, supplier, or lessee may be declared ineligible for further City contracts in accordance with procedures provided in Executive Order No. 11246, and such other sanctions may be imposed and remedies invoked as provided in the said Executive Order, or by rule, regulation, or order of the Secretary of Labor, or as may otherwise be provided by law.

7. The contractor shall include the provisions of paragraphs 1-8 of this Equal Employment Opportunity Clause in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontractor or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for noncompliance; provided, however, that in the event the contractor becomes involved in, or is threatened with litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

8. The contractor shall file and shall cause his or her subcontractors, if any, to file compliance reports with the City in the form and to the extent as may be prescribed by the Mayor. Compliance reports filed at such times as directed shall contain information as to the practices, policies, programs, and employment policies and employment statistics of the contractor and each subcontractor.

EXHIBIT "F"
DRUG POLICY COMPLIANCE AGREEMENT

I, _____ as an owner or officer of
(Name) (Print/Type) (Title)

_____ (Contractor)
(Name of Company)

have authority to bind Contractor with respect to its bid, offer or performance of any and all contracts it may enter into with the City of Houston; and that by making this Agreement, I affirm that the Contractor is aware of and by the time the contract is awarded will be bound by and agree to designate appropriate safety impact positions for company employee positions, and to comply with the following requirements before the City issues a notice to proceed:

1. Develop and implement a written Drug Free Workplace Policy and related drug testing procedures for the Contractor that meet the criteria and requirements established by the Mayor's Amended Policy on Drug Detection and Deterrence (Mayor's Drug Policy) and the Mayor's Drug Detection and Deterrence Procedures for Contractors (Executive Order No. 1-31).
2. Obtain a facility to collect urine samples consistent with Health and Human Services (HHS) guidelines and a HHS certified drug testing laboratory to perform the drug tests.
3. Monitor and keep records of drug tests given and the results; and upon request from the City of Houston, provide confirmation of such testing and results.
4. Submit semi-annual Drug Policy Compliance Declarations.

I affirm on behalf of the Contractor that full compliance with the Mayor's Drug Policy and Executive Order No. 1-31 is a material condition of the contract with the City of Houston.

I further acknowledge that falsification, failure to comply with or failure to timely submit declarations and/or documentation in compliance with the Mayor's Drug Policy and/or Executive Order No. 1-31 will be considered a breach of the contract with the City and may result in non-award or termination of the contract by the City of Houston.
